<p>Greater Mount Holly Community Development Corporation (GMHCDC) is a community-based nonprofit in West Baltimore dedicated to revitalizing communities through strong support networks and purposeful building. GMHCDC is dedicated to uplifting neighborhoods that are often overlooked and without representation. GMHCDC is committed to helping local communities thrive through various community services, educational initiatives, community development, and cooperative community planning.</p>		

11. Description and Purpose of Project (Limit length to visible area)

The purpose of the Edgewood Elementary playground project is to revitalize the playground located in the 3000 block of West North Avenue. Investing in this project is one of the most powerful ways to invest in childhood development and neighborhood wellbeing. Installing modern equipment encourages climbing, balancing, jumping, and coordination. Incorporating interactive features like music panels or problem-solving structures stimulate creativity and learning. Updated spaces enhance social development through cooperative play, sharing, and communication. Safer materials, better surfacing, and ADA compliance makes the playground safer and more inclusive for children to play. Inclusive designs ensure that children of all abilities can participate. Families feel more welcome and secure when a space reflects diverse needs.
