<p>The Baltimore County Dept. of Recreation and Parks provides a wide range of recreational opportunities to the citizens and visitors of the County, through hundreds of parks and recreation sites countywide. Recreational facilities are provided at parks, leased recreation sites, and public school recreation centers-- the latter through a joint-use agreement whereby many indoor and outdoor facilities at public schools are used for both educational and recreational purposes. The Department administers a wide range of parks, from countywide parks up to 1,100 acres in size, to small neighborhood "pocket parks" of less than an acre. The parks feature a wide variety of facilities and free-time recreational opportunities, and hundreds of organized recreation programs are provided through partnerships with non-profit recreation and parks councils formed by volunteers.</p>

The courts are situated on the County-owned portion of this public school recreation center, which is operated and maintained under a formal joint-use agreement between Baltimore County and the Baltimore County Board of Education. Most sports courts at the County's elementary school recreation centers are maintained by the County, and this project is being completed through the Dept. of Recreation and Parks' countywide court renovation program.
