<p>Sandy Spring Museum connects diverse audiences and advances social equity through programs, events, and shared experiences rooted in regional heritage. As the state-designated Regional Folklife Center of Montgomery County, the Museum supports living traditions by providing platforms for artists, cultural practitioners, and community members to share their stories and skills. In addition to about 150 programs held each year, the museum is known for its Strawberry Festival - one of the longest-continuously running festivals in the region, which brings thousands together each year in a vibrant, multicultural celebration shaped by volunteers, vendors, performers, and visitors. The museum serves as a gathering place where contemporary community life and cultural expression thrive.</p>		

11. Description and Purpose of Project (Limit length to visible area)

For the planning, design, and construction of the museum's master plan and associated repairs and renovations. This grant would go towards Phase III of the museum's five-phase master plan, whose intent is to broaden the impact and utilization of the museum and its campus, enhance the quality and broaden the range of the visitor experiences and the efficient operation of the museum. The plan is a consolidation of discrete elements, most of which can be executed independently. Key elements and issues addressed include: (1) Provide additional parking; (2) Clarify the extent of the museum's grounds as seen from Route 108; (3) Create gathering areas of various sizes; (4) Increase the number of studios available to artists. (4) Replace stand-alone storage sheds that are unattractive and impede foot traffic flow. (5) Attract people to explore the property. (6) Improve circulation & flow around the site.
