10. Description and Purpose of Organization (Limit length to visible area)		
<p>The StoreHouse is the Nations First Black-run food bank serving Maryland families through consistent access to fresh, nutritious food. Having served over 70,000 families and distributed more than 3 million pounds of food, the organization advances food security, health equity, and community-based nutrition access.</p>		

11. Description and Purpose of Project (Limit length to visible area)

This project will support the acquisition of a permanent facility to establish The StoreHouse Center of Excellence, a regional hub for food distribution, community nutrition, and sustainable agriculture. The purpose of the project is to secure long-term site control to stabilize operations, expand cold and dry storage capacity, and create infrastructure for yearround cultivation of fresh fruits and vegetables. The facility will increase annual distribution capacity by an estimated 1.5 to 2.5 million additional pounds of food, strengthening food security, improving health outcomes, and advancing health equity for Maryland residents.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments

The proposed property includes approximately 7 acres of land, providing a unique opportunity to establish agricultural infrastructure as part of The StoreHouse Center of Excellence. This acreage will support the development of growing fields, high tunnels or greenhouse structures, irrigation systems, and sustainable farming operations to cultivate fresh fruits and vegetables for Maryland families year-round.

The inclusion of this land significantly strengthens the long-term impact of the project by allowing The StoreHouse to produce a portion of its own food supply, increase fresh produce distribution, improve seasonal sustainability, and reduce reliance on external supply chains.

The agricultural component will enhance food security, strengthen emergency response capacity, and support the projected expansion of 1.5 to 2.5 million additional pounds of food distributed annually.
