House Bill 1333 (Delegate Bhandari)
Government, Labor, and Elections

Public Safety - Maryland Law Enforcement Public Service Medal

This bill establishes the Maryland Law Enforcement Public Service Medal as the highest State honor awarded to law enforcement officers for exceptional public service, valor, and heroism. A medal review committee, consisting of specified members, must be established within the Department of Public Safety and Correctional Services (DPSCS) to evaluate nominations and select medal recipients. The Governor (1) may award a maximum of five medals per calendar year to sworn law enforcement officers in the State who meet specified conditions and (2) must present the medals in an official State ceremony held annually in Annapolis. Medal production and ceremony expenses must be funded through (1) an annual appropriation contained in the State budget and (2) grants, private sponsorships, and law enforcement foundation support. Five specified law enforcement officers must be awarded the medal at the first annual ceremony.

Fiscal Summary

State Effect: While the bill is not anticipated to materially affect State expenditures, as discussed below, the State House Trust may experience operational impacts. Revenues are not affected.

Local Effect: The bill is not anticipated to materially affect local government expenditures. Revenues are not affected.

Small Business Effect: Minimal or none.

Analysis

Bill Summary: The Governor may award the medal to sworn law enforcement officers in Maryland who (1) have demonstrated acts of extraordinary courage, bravery, or selflessness while on duty; (2) have risked or sacrificed their lives by saving lives, preventing significant crimes, or responding to critical emergencies; or (3) have significantly impacted public safety, including responding to disasters, terrorist threats, or significant public emergencies.

The medal review committee must:

- review nominations submitted by (1) State and local law enforcement agencies; (2) State and local elected officials; and (3) community organizations and civilians; and
- annually submit a list with a maximum of five recommended awardees to the Governor for final approval.

At the medal ceremony, each medal recipient must receive (1) a gold medallion bearing the State seal; (2) a certificate of commendation signed by the Governor and the presiding officers of the General Assembly; and (3) a permanent Maryland Public Service Honor Roll listing housed at the State House.

In recognition of contributions made during the collapse of the Francis Scott Key Bridge, during the first annual ceremony, the following individuals must be awarded the medal: (1) Sergeant Paul Pastorek; (2) Corporal Jeremy Herbert; (3) Senior Officer William Kinsey; (4) Officer Timothy Baublitz; and (5) Officer Garry Kirts.

When an officer is awarded a medal posthumously, the officer's next of kin may receive official recognition and commendation on the officer's behalf.

Current Law: While statute authorizes the Governor to issue service medals to officers and enlisted individuals in the organized militia of the State who have completed five years or more of continuous service, there are no statutory provisions relating to law enforcement public service medals.

The State House Trust is responsible for the restoration and preservation of the State House, as well as the landscaping and construction of Lawyer's Mall. The trust must disapprove or approve and supervise any proposed repair, improvement, or other change to the State House or to any other building within State Circle, any proposed landscaping of the grounds of those buildings, and any proposed improvement, nonemergency repair, or other change to Lawyers' Mall.

State Expenditures:

Medal Production and Ceremony: Because no more than five medals may be awarded each year, assuming that the medals are not pure gold, the costs associated with the design, production, purchase, and presentation of the medals at the required ceremony – along with certificates of commendation – likely does not materially affect State finances. In addition, to the extent that grants, private sponsorships, and law enforcement foundation support provide any funding for this effort, the need for any State funding decreases.

Medal Review Committee: DPSCS can convene the medal review committee with existing resources. In addition, committee members representing State agencies can serve on the committee using existing resources.

Maryland Public Service Honor Roll: The Maryland State Archives (MSA) advises that any addition to the State House interior or its grounds is required to be directly related to the history of the State House or the history of Maryland. While the placement and maintenance of the permanent Maryland Public Service Honor Roll listing housed at the State House can likely be handled with existing resources, MSA advises that the display is a violation of the guidelines for the State House.

Additional Information

Recent Prior Introductions: Similar legislation has been introduced within the last three years. See HB 1544 of 2025.

Designated Cross File: None.
