### DA0201 Department of Disabilities

#### Committee Narrative

**University System of Maryland Accessibility Modification Funding:** At the current rate of spending, it would take decades for the University System of Maryland (USM) to fulfill all identified needs for accessibility modifications across campuses. The needs can be met in a more reasonable timeframe by funding projects through annual Academic Revenue Bonds (ARB). It is the intent of the committees that, beginning in fiscal 2019, USM assume funding and execution of accessibility projects at USM campuses through an earmark of facility renewal projects through annual ARB authorizations. USM should provide an annual report to the Department of Disabilities by March 1 of each year, which details projects in order to review for consistency with transition plans on file.

Further provided that grants awarded by the Interagency Committee on School Construction under items (1) through (5) of this authorization shall be matched by local funds equal to the required local cost-share established in accordance with § 5-301(d)(3) of the Education Article....

**Allowance**  
40,000,000

**Change**  
20,000,000

**Authorization**  
60,000,000

**Explanation:** This action provides an additional \$20 million in fiscal 2018 for grants under the Supplemental Capital Grant Program for Local School Systems. The allocation of the \$20 million was calculated using an adjusted enrollment figure for counties that meet both the enrollment growth and relocatable classroom eligibility criteria based on each county's enrollment growth above the State average for the five-year period. The funds were then allocated based on each eligible county's share of total enrollment. *Additionally, this action strikes language that would make E-rate projects eligible under the Supplemental Capital Grant Program for Local School Systems, as regulations for E-rate projects have not yet been finalized by the Board of Public Works.*

VE01B      New Female Detention Center.....      \$ 0

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
21,178,000	-21,178,000	0

*Explanation: This action deletes the nearly \$21.2 million authorized for construction funding of the New Female Detention Center in Carroll County. Issues with obtaining necessary property easements in a related utility project have resulted in delays to the project schedule, meaning the construction will not likely start until the latter half of fiscal 2018, at the earliest. As such, less construction funding will be required and equipment funding will not be needed until fiscal 2019. Approximately \$14.4 million in construction funding has already been authorized for the project. This should be adequate enough to allow the department to begin construction in fiscal 2018. The balance of the construction funding has been added as a fiscal 2020 pre-authorization to allow for award of the construction contract.*

**Local Jails and Detention Centers Monthly Population Statistics Report:** As overseer of the Local Jails and Detention Center Capital Improvement Program, the budget committees direct the Department of Public Safety and Correctional Services (DPSCS), on a monthly basis, to coordinate the submission of local jail and detention center population statistics on behalf of the counties and provide the information in a report to the budget committees. At a minimum the report shall include:

- the operational capacity for each facility, making note of specialized population beds that cannot be used by general population inmates;
- the total average daily population for that month, separated by male and female offenders;
- the number of days the population exceeded operational capacity;
- the most consecutive days the population exceeded capacity;
- the range in the number of inmates exceeding operational capacity;
- the average amount the population exceeded capacity; and
- the peak inmate population.

Receipt of this information for every county on a monthly basis would allow the General Assembly, the Department of Budget and Management, DPSCS, and the counties to better assess local jail and detention center capital needs and track inmate population changes resulting from policy changes and legislation including, but not limited to, the Justice Reinvestment Act. The report shall be submitted to the budget committees no later than July 1, 2017, and for each month thereafter.

Amend the following language:

ZA00 MISCELLANEOUS GRANT PROGRAMS

(A) Rosewood Property Environmental Abatement. Notwithstanding the provisions of Section 1(5) of this Act, the matching fund may consist of funds expended prior to the effective date of this Act (Baltimore County) ..... 5,000,000  
6,000,000

**Explanation:** After reviewing the timeline for the project, a lower level of funding that was provided earlier may be more suitable for the project. The 117 acres from Parcels 1 and 2 that Stevenson University is looking to purchase requires little environmental abatement. Most of the coal ash that will need to be cleaned up is on Parcel 3. The main concern for Stevenson University right now is the demolition of the two buildings on the property. Additionally, the university intends to construct roads and other infrastructure on the property. ~~Considering that the State is essentially giving Stevenson University the property, it should be the university’s financial responsibility to build the infrastructure. To ensure that Stevenson University is contributing its financial share to the project, the university should match the general obligation bonds from the State.~~ This action provides a 2019 session pre-authorization of ~~\$5 million~~ \$6 million. A separate action provides a \$5 million pre-authorization for the 2018 session. *This action strikes a matching fund requirement in the 2019 session pre-authorization.*
