The official submission shall be provided with the fiscal 2024 budget. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that no funding provided under the federal Victims of Crime Act (VOCA) provided through the Governor’s Office of Crime Prevention, Youth, and Victim Services (GOCPYVS) may be awarded to State agencies, programs, or held in reserve until each victim services provider who received funding during fiscal 2022 has been awarded funding at no less than the same level as fiscal 2022 to continue services to victims of crime during fiscal 2023. For the purposes of identifying a State agency or program, it is the intent of the budget committees that higher education institutions, the Baltimore Police Department, and other quasi-State entities be excluded from that definition and be included in the category of non-State victim services providers.

Further provided that if funding under VOCA is reduced, funding shall be awarded in the following manner:

(1) victim services providers who received funding during fiscal 2022 shall receive all available VOCA funds, and funding for each
provider may be reduced only by the same percentage as other providers, unless a provider submits a grant request for a lower amount; and

(2) in the event that funding is not available, each grant shall be reduced by the same percentage unless a provider has requested reduced funding. Non-State providers shall be fully funded prior to any award to a State agency and prior to the retention of reserve funds. If additional State or federal funding becomes available as a result of COVID–19 relief, changes in the federal VOCA allocations to states, or otherwise, such cuts shall be restored.

No VOCA funding may be awarded by GOCPYVS except in a manner that gives priority to continuing funding for non–State victim services providers who received funding during fiscal 2022 and have the capacity to continue to provide services to victims.

Further provided that $500,000 of the general fund appropriation for GOCPYVS made for the purposes of general administration may not be expended until, prior to providing fiscal 2023 awards and no later than August 1, 2022, GOCPYVS reports to the budget committees on:

(1) each proposed grant award;

(2) how priority has been given to non–State victim services providers;

(3) whether each grant is equal to fiscal 2022 awards and, if it is not, the identification of the difference in funding and justification for this difference; and
(4) the amount of VOCA funding held in reserve.

In addition to the official report, data shall be provided in an electronic format subject to the concurrence of the Department of Legislative Services (DLS). The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Further provided that $500,000 of the general fund appropriation for the purposes of administration may not be expended until GOCPYVS submits a report by November 1, 2022, regarding the federal VOCA funding. The report shall include:

(1) total active VOCA grant awards as of January 1, 2022, including grant number, implementing agency, project title, start date, end date, amount of award, jurisdiction of implementation, and the brief description/abstract of the grant;

(2) for each VOCA grant award in item (1) and for any other VOCA grant awards made subsequently, a description of whether for the federal fiscal year beginning October 1, 2022, the award was continued, awarded, or otherwise funded, including the grant number, implementing agency, project title, start date, end date, amount of award, jurisdiction of implementation, and the brief description/abstract of the grant;

(3) for each VOCA grant award in
items (1) and (2) identification of any decrease or other change in victim services funding between items (1) and (2), the justification for each grant award change, and the impact on the continuity of crime victim services;

(4) the amount of unexpended funds for each open three–year VOCA grant and the reason funds are unexpended, including whether they are held in reserve for future grants;

(5) identification of the respective amount of funds expended for the purpose of direct provision of services, administration, and that which went unobligated for the federal fiscal 2018 and 2019 three–year funding cycles;

(6) identification of the legislative appropriation for VOCA and the actual level of spending for each State fiscal year, beginning with State fiscal 2016 through 2022; and

(7) identification of any decrease or other change between the legislative appropriation for VOCA and the actual level of spending for VOCA for each State fiscal year identified in item (6) and the reason for any and all disparities that may exist between the legislative appropriation and the actual spending level.

In addition to the official report, data shall be provided in an electronic format subject to the concurrence of DLS. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred
by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Further provided that $500,000 of the general fund appropriation made for the purposes of administration may not be expended until GOCPYVS publishes the total amount of funding from federal VOCA funds on GOCPYVS’s website, including funds available from prior years and including the specific amounts held in reserve from each federal three-year award. GOCPYVS shall provide the budget committees with a letter, no later than November 1, 2022, indicating that this data has been made available on its website and providing the web address to this data. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Further provided that GOCPYVS is authorized to process a budget amendment recognizing additional State or federal funds to restore funding cuts to victim services providers if additional State or federal funding becomes available as a result of COVID-19 relief or changes in the federal VOCA allocations to states or otherwise.

Further provided that, upon request by a grantee and unless expressly prohibited by federal law, GOCPYVS shall permit grantees to carry over grant funds from one federal fiscal year to the next for up to six months. GOCPYVS shall take any steps needed to maximize the ability of grantees to carry over grant funds, including by requesting no-cost extensions for
expenditure of federal funds granted to the
State.

Further provided that it is the intent of the
budget committees that the primary
purpose of the programs funded through
the VOCA grant awards be to ensure
continuity of trauma-informed,
high-quality services for victims of crime
as the COVID–19 pandemic progresses .... 4,539,143

OFFICE OF PERSONNEL SERVICES AND BENEFITS

Executive Direction

General Fund Appropriation, provided that $100,000 of this appropriation made for the purpose of agency administration may not be expended until the Department of Budget and Management (DBM) develops a plan for the rebasing of the State employee salary scale that would be effective July 1, 2023, and submits a report on the plans for rebasing.

DBM shall determine the appropriate methodology for rebasing the scales with the intention of the base steps providing
adequate salary to attract candidates to State positions while also incentivizing veteran employees to remain in State employment. DBM shall provide a report detailing the following:

1. the methodology used to rebase the salary scales;
2. the revised salary scales; and
3. the estimated cost of new salary scales for fiscal 2024.

The report shall be submitted by December 1, 2022, and the budget committees shall have 45 days from the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

It is the intent of the General Assembly that the Governor should regularly include increments in annual compensation actions in order to avoid salary compression among State employees.

Further provided that $100,000 of this appropriation made for the purpose of agency administration may not be expended until the Department of Budget and Management and Maryland Department of Transportation (MDOT) submit a report detailing formal procedures for performing Annual Salary Reviews in the State Personnel and Management System and MDOT.

The procedures shall include timelines for when reviews are performed, methodologies for determining the employee classes eligible for review, and methods for determining the amount of funds available to allocate annually for a
salary review.

The report shall be submitted by November 1, 2022, and the budget committees shall have 45 days from the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees...

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

1. add a new project to the construction program or development and evaluation program meeting the definition of a “major project” under Section 2–103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

2. change the scope of a project in the construction program or development and evaluation program meeting the definition of a “major project” under Section 2–103.1 of the Transportation Article that will result in an increase of more than 10% or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the
SENATE BILL 290

proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Further provided that notification of project additions, as outlined in paragraph (1) above; changes in the scope of a project, as outlined in paragraph (2) above; or moving projects from the development and evaluation program to the construction program shall be made to the General Assembly 45 days prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

The Maryland Department of Transportation (MDOT) may not expend funds on any job or position of employment approved in this budget in excess of 9,057.5 positions and 115.0 contractual full-time equivalent (FTE) positions paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2023. The level of contractual FTE positions may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport that demands additional personnel; or

(2) emergency needs that must be met, such as transit security or highway maintenance.

The Secretary shall use the authority under Sections 2–101 and 2–102 of the Transportation Article to implement this provision. However, any authorized job or
position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly.

The establishment of new jobs or positions of employment not authorized in the fiscal 2023 budget shall be subject to Section 7–236 of the State Finance and Procurement Article and the Rule of 100.

**SUMMARY**
M00A01.01 Executive Direction

General Fund Appropriation, provided that
funds may be transferred to other State
agencies to support the State’s response to
the heroin/opioid epidemic.

Further provided that $100,000 of this
appropriation made for the purposes of
executive direction may not be expended
until the Maryland Department of Health
(MDH) submits a report to the budget
committees on staffing vacancies
throughout MDH. The report shall address
barriers to attracting and maintaining
staff, including:

1. a comparison of between
   compensation at MDH and other
   comparable administrative
   positions at the federal and local
   levels;

2. a comparison of compensation of
direct care staff to other private and
nonprofit health care settings;

3. an evaluation of the impact of
   recent annual salary review
   adjustments and any other
   compensation benefits or incentives
   offered by MDH;

4. discussion of recruitment and
   retention strategies for the MDH
   workforce; and

5. the long-term impact of the
   Facilities Master Plan on MDH’s
   staffing alignment.

The report shall be submitted by October 1,
2022, and the budget committees shall
have 45 days to review and comment.
Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purposes and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that $1,000,000 of this appropriation made for the purposes of executive direction may not be expended until the Maryland Department of Health (MDH) submits a report to the budget committees on the actual amount of overpayments outstanding, recoupment of overpayments, forgiveness of overpayments to providers, specifically accounting for expenditures from the fiscal 2022 deficiency appropriation provided for this purpose, and any equity considerations around the chosen forgiveness and recoupment options. The report shall also include a discussion by MDH regarding steps that were taken by MDH or the Behavioral Health Administrative Services Organization to ensure that amounts of overpayments forgiven do not have associated claims that may, if addressed through further reconciliation or adjudication, reduce the need for general fund forgiveness and increase the State’s ability to claim federal funds. The report shall also include the total number and total amount of claims still in dispute, total number and total amount of claims resolved through reconciliation, and the difference between estimated payments amounts and the amounts associated with service provision. The report shall be submitted by August 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

fee-for-service (FFS) reimbursement system and spending forecasts for the Developmental Disabilities Administration (DDA) Community Services program transitions. The report shall include:

1. a timeline for forecasting general fund spending in the Community Services program based on actual utilization and reimbursement billed through the Long Term Services and Supports (LTSS) system following the transition to an FFS model, including a discussion of how the spending will be forecast during the transition period;

2. if available, MDH spending forecasts by year;

3. a timeline for finalizing rates and the fiscal impact analysis of the new rates;

4. upon finalization, the finalized rates and the fiscal impact analysis of the new rates;

5. the number of individuals receiving DDA-funded services and providers transitioned to the LTSS system, including the timing of the transition including those transitioned in fiscal 2023 to date;

6. a cost analysis of the rates paid to providers that were transitioned to the LTSS system as part of the LTSS pilot program and how DDA’s reimbursements compare to estimated payments that would have been made under the prospective payment model; and

7. an updated timeline for transition of individuals and providers to the

(1) utilization by service type, including the number of claims and claims spending in LTSS system; and

(2) the number and share of individuals served through LTSS system.

The report shall be submitted quarterly beginning on July 15, 2022, and the budget committees shall have 45 days from the date of receipt of the final report to review and comment. The first report shall include data for November 2021 through June 2022. Each subsequent report shall include data for the appropriate quarter. MEDICAL CARE PROGRAMS ADMINISTRATION

M00Q01.01 Deputy Secretary for Health Care Financing
General Fund Appropriation, provided that $1,000,000 of this appropriation made for the purpose of administration in the Office of the Deputy Secretary for Health Care Financing may not be expended until the Maryland Department of Health (MDH) submits quarterly reports on the Medicaid redetermination process following the termination of the national declaration of a COVID–19 public health emergency. Each report shall include the following data on a monthly basis and divided by eligibility category:

1. the number of individuals disenrolled;

2. the number of new individuals enrolled;

3. the number of disenrollments by reason for disenrollment, identifying disenrollments due to failure to apply for recertification, missing information/verifications, income too high, and other common reasons for disenrollment; and
(4) if disenrollments have not begun due to the continuation of the national public health emergency, MDH should instead report the status of the national COVID–19 public health emergency and notification from the U.S. Centers for Medicare and Medicaid Services (CMS), including the current public health emergency expiration date, date for disenrollment and redeterminations to resume, and guidance or assistance authorized by CMS to aid states in resuming redetermination and working through any backlogs.

The first report shall be submitted by November 1, 2022, and the other reports shall be submitted quarterly thereafter. The funds may be released in $250,000 increments related to the submission of each quarterly report. The budget committees shall have 45 days from the date of the receipt of each report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that $250,000 of this appropriation made for the purpose of administration in the Office of the Deputy Secretary for Health Care Financing may not be expended until the Maryland Department of Health (MDH) Medical Care Programs Administration submits a report, in consultation with the MDH Behavioral Health Administration and MDH Developmental Disabilities Administration, on current Medicaid rates, rate enhancements, and rate–setting studies. The report shall include the following information for each provider type:
(1) a timeline for when the current rate structure and rates were determined;

(2) the method for determining and establishing the current rate structure and rates, including whether a rate-setting study was conducted (and if not, the reason for a rate-setting study not being conducted), and a discussion of how actual provider expenditures were taken into account in setting rates;

(3) a summary of recent rate increases and enhancements;

(4) the status of any ongoing rate-setting studies and plans for future rate-setting studies; and

(5) a description of any federal requirements affecting the rate structure, such as whether rates must be actuarially sound, must cover certain costs, or cannot differ across certain service types, geographic locations, or provider types.

The report shall be submitted by October 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that $250,000 of this appropriation made for the purpose of administration in the Office of the Deputy Secretary for Health Care Financing may
not be expended until the Maryland Department of Health submits a report on home- and community-based services (HCBS) expansion. The report shall include the following information with federal claims and spending data disaggregated by administration, including the Behavioral Health Administration, the Developmental Disabilities Administration, and the Medical Care Programs Administration:

1. the actual amount of federal funds claimed through the 10% enhanced federal match for HCBS expenditures from April 1, 2021, to March 31, 2022, as authorized in the American Rescue Plan Act, including secondary federal funds claimed and any associated State funds accounted for separately;

2. a timeline for spending the funds by fiscal year and the status of Centers for Medicare and Medicaid Services (CMS) approval for the spending plan (including reasons for CMS disapproving any planned uses proposed by the department);

3. actual spending for rate increases, provider grants, and any other uses in fiscal 2021, 2022, and 2023 year-to-date, and planned spending in fiscal 2023 and 2024; and

4. specific programmatic recommendations on ways to claim Medicare savings to apply to costs for HCBS waiver expansion.

The report shall be submitted by November 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget

HEALTH REGULATORY COMMISSIONS
M00R01.01 Maryland Health Care Commission

Special Fund Appropriation, provided that

$500,000 of this appropriation made for the

purpose of general administration may not

be expended for that purpose but instead

may only be used to contract for an

independent analysis of the State’s

behavioral health crisis response system.

The Maryland Health Care Commission, in

consultation with the Behavioral Health

Administration, shall develop a request for

proposals to contract with a third-party

health research and analytics company to

conduct a needs assessment and gap

analysis of Maryland’s behavioral health

crisis response services continuum. The

selection of the health research and

analytics company, and the management of

the project overall shall also be done in

consultation with the Behavioral Health

Administration. The independent

third-party analysis shall include:

(1) a review of past analysis on

behavioral health crisis services in

the State;

(2) an inventory of the existing

community-based behavioral

health crisis response services,

including current Suicide

Prevention Lifeline call centers,

211+1 call centers, other local

behavioral health hotlines, mobile

crisis teams, crisis stabilization

centers, mental health crisis beds

and Substance Use Disorder detox

beds, peer support services, and any

other related crisis response

services;

(3) the cost and payer source of all

current community-based

behavioral health crisis response

services and the number of

Maryland residents served:
utilization of hospital services by individuals experiencing a behavioral health crisis, including those served in emergency departments and inpatient psychiatric beds, and costs associated with these services;

(5) current and projected unmet needs for crisis response services over the next five years, including geographic gaps, and inequities in access for specific groups;

(6) cost estimates for funding the additional crisis response services and infrastructure necessary to ensure: 90% of all 9–8–8 calls are answered in-state; residents in crisis can depend on mobile crisis response within one hour of calling; and all residents can access short–term crisis stabilization services with limited waitlists; and

(7) an analysis of the potential costs savings from funding crisis response service capacity, including reductions in hospital emergency room use, reductions in public safety resources needed for behavioral health crisis response, reductions in involuntary commitment, reductions in lives lost to suicide, and reductions in lives lost to overdose.

The Maryland Department of Health (MDH) shall submit an interim report produced by the independent third party to the budget committees by December 1, 2022. MDH shall also provide the final report by the independent third party to the budget committees by June 30, 2023. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be

**SENATE BILL 290**
P00A01.01 Executive Direction

General Fund Appropriation, provided that $100,000 of this appropriation made for the purpose of administration may not be expended until the Maryland Department of Labor, in consultation with the Department of General Services (DGS), submits a report to the budget committees on the implementation of Chapter 782 of 2017. Specifically, the report should address:

(1) steps taken in collaboration with DGS to ensure that contractors and subcontractors working on qualified projects are directed to submit information to the established online portal;

(2) a list of the capital projects for which contractors and subcontractors have submitted information through the online portal; and

(3) data on the number of apprentices that worked on those capital projects and any payments to the Maryland Apprenticeship Training Fund related to those projects.

The report shall be submitted by September 1, 2022, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Further provided that $100,000 of this appropriation made for the purpose of
administration may not be expended until the Maryland Department of Labor (MDL) submits a report to the budget committees on the status of the implementation of certain provisions of Chapters 49, 50, 51, and 65 of 2021. Specifically, the report shall include:

1. a detailed explanation of the procedures for ensuring claimants receive status updates at least once every three weeks, including examples (without actual claimant data) of what updates would look like in a variety of common circumstances;

2. a detailed explanation of the procedures for individuals to track the status of their claims, including the anticipated timeline for resolution and examples (without actual claimant data) of how various tracking information would appear in the BEACON system;

3. the number and percentage of claims for which first payment was not made within 21 days of the first compensable week for each week in May, June, and July 2022; and

4. a detailed explanation of how MDL's timeliness calculations differ from those used to produce the data published on the U.S. Department of Labor website.

The report shall be submitted by September 1, 2022, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Special Fund Appropriation, provided that this appropriation shall be for the purchase of textbooks or computer hardware and software and other electronically delivered learning materials as permitted under Title IID, Section 2416(b)(4), (6), and (7) of the No Child Left Behind Act for loan to students in eligible nonpublic schools with a maximum distribution of $65 per eligible nonpublic school student for participating schools, except that at schools where at least 20% from 20% to 40% of the students are eligible for the free or reduced–price lunch program there shall be a distribution of $95 per student, and at schools where more than 40% of the students are eligible for the free or reduced–price lunch program there shall be a distribution of $155 per student. To be eligible to participate, a nonpublic school shall:

1. Hold a certificate of approval from or be registered with the State Board of Education;
2. Not charge more tuition to a participating student than the statewide average per pupil expenditure by the local education agencies, as calculated by the department, with appropriate exceptions for special education students as determined by the department; and
3. Comply with Title VI of the Civil Rights Act of 1964, as amended; and
4. Submit its student handbook or other written policy related to student admissions to the Maryland State Department of Education for review to ensure compliance with program eligibility.
The department shall establish a process to ensure that the local education agencies are effectively and promptly working with the nonpublic schools to assure that the nonpublic schools have appropriate access to federal funds for which they are eligible.

Further provided that the Maryland State Department of Education shall:

(1) Assure that the process for textbook, computer hardware, and computer software acquisition uses a list of qualified textbook, computer hardware, and computer software vendors and of qualified textbooks, computer hardware, and computer software; uses textbooks, computer hardware, and computer software that are secular in character and acceptable for use in any public elementary or secondary school in Maryland; and

(2) Receive requisitions for textbooks, computer hardware, and computer software to be purchased from the eligible and participating schools, and forward the approved requisitions and payments to the qualified textbook, computer hardware, or computer software vendor who will send the textbooks, computer hardware, or computer software directly to the eligible school, which will:

(i) Report shipment receipt to the department;

(ii) Provide assurance that the savings on the cost of the textbooks, computer hardware, or computer software will be dedicated to
SENATE BILL 290

reducing the cost of textbooks, computer hardware, or computer software for students; and

(iii) Since the textbooks, computer hardware, or computer software shall remain property of the State, maintain appropriate shipment receipt records for audit purposes.

Further provided that a nonpublic school participating in the Aid to Non–Public Schools Program R00A03.04 shall certify compliance with Title 20, Subtitle 6 of the State Government Article. A nonpublic school participating in the program may not discriminate in student admissions, retention, or expulsion, or otherwise discriminate against any student on the basis of race, color, national origin, sexual orientation, or gender identity or expression. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions, retention, or expulsion or otherwise discriminate against any student on the basis of race, color, national origin, sexual orientation, or gender identity or expression. Any school found to be in violation of the requirements to not discriminate shall be required to return to the Maryland State Department of Education all textbooks or computer hardware and software and other electronically delivered learning materials acquired through the fiscal 2023 allocation. The only other legal remedy for violation of these provisions is ineligibility for participating in the Aid to Non–Public Schools Program. Any school that is found in violation of the nondiscrimination
requirements in fiscal 2022 or 2023 may not participate in the program in fiscal 2023. It is the intent of the General Assembly that a school that violates the nondiscrimination requirements is ineligible to participate in the Aid to Non–Public Schools Program, the Broadening Options and Opportunities for Students Today Program, the James E. “Ed” DeGrange Nonpublic Aging Schools Program, and the Nonpublic School Security Improvements Program in the year of the violation and the following two years ................................................................. 6,040,000

Any nonpublic schools that do not provide the necessary information by that specified date shall be ineligible to participate in the BOOST Program.

(10) Students who received a BOOST Program scholarship award in the prior year who still meet eligibility criteria for a scholarship shall receive a scholarship renewal award. SECTION 14. AND BE IT FURTHER ENACTED, That if a person is placed by the Department of Health, Department of Human Services, or Department of Juvenile Services or the State Department of Education in a facility or program that becomes eligible for Medical Assistance Program (Medicaid) participation, and the Medical Assistance Program makes payment for such services, general funds equal to the general funds paid by the Medical Assistance Program to such a facility or program may be transferred from the previously mentioned departments to the Medical Assistance Program. Further, should the facility or program become eligible subsequent to payment to the facility or program by any of the previously mentioned departments, and the Medical Assistance Program makes subsequent additional payments to the facility or program for the same services, any recoveries of overpayment, whether paid in this or prior fiscal years, shall become available to the Medical Assistance Program for provider reimbursement purposes.

SECTION 15. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0831 (Office of Administrative Hearings) to conduct administrative hearings by the Office of Administrative Hearings are to be transferred to the Office of Administrative Hearings (D99A11.01) on July 1, 2022, and may not be expended for any other purpose.

SECTION 16. AND BE IT FURTHER ENACTED, That funds budgeted in the State Department of Education and the Department of Health, Department of Human Services, and Department of Juvenile Services may be transferred by budget amendment to the Children’s Cabinet Interagency Fund (R00A04.01). Funds transferred would represent costs associated with local partnership agreements approved by the Children’s Cabinet Interagency Fund.

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers’ Compensation), 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0839 (HR Shared Services), 0874 (Office of Attorney General Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System Allocation), 0897 (Enterprise Budget System...
 Allocation), and 1303 (rent paid to DGS) are to be utilized for their intended purposes only.

The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, and 0876 between State departments and agencies by approved budget amendment in fiscal 2022 and fiscal 2023. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2–516 of the State Personnel and Pensions Article.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object, by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

SECTION 18. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0875 (Retirement Administrative Fee) to support the Maryland State Retirement agency operations are to be transferred to the Maryland State Retirement agency (G20J01.01) on July 1, 2022, and may not be expended for any other purpose.

SECTION 19. AND BE IT FURTHER ENACTED, That for fiscal 2022 funding for public safety salary related expenses shall be reduced by general funds of $100,000,000 in the Department of Public Safety and Correctional Services (DPSCS) contingent upon the approval of the federal fund budget amendment 059–22 that increases the federal fund appropriation by $100,000,000 using Coronavirus Relief Fund revenue for this same purpose. Funding for this purpose shall be reduced in Comptroller Object 0125 within the DPSCS department budget in fiscal 2022 in accordance with a schedule determined by the Governor.

SECTION 20. AND BE IT FURTHER ENACTED, That notwithstanding other provisions of this Act, the Governor may approve budget amendments to authorize funding for capital projects and programs funded by the Infrastructure and Investment Jobs Act of 2021 or other federal infrastructure legislation.

SECTION 21. AND BE IT FURTHER ENACTED, That for fiscal 2022 funding for public safety related expenditures that general funds of $250,000,000 shall be reduced in the Department of Public Safety and Correctional Services contingent upon the approval of a federal fund deficiency of $250,000,000 in the Department of Public Safety and Correctional Services from the American Rescue Plan State Fiscal Relief Fund. Funding
for this purpose shall be reduced in Comptroller Object 0125 within the DPSCS department budget in fiscal 2022 in accordance with a schedule determined by the Governor.

SECTION 22. AND BE IT FURTHER ENACTED, That the Governor’s budget books shall include a forecast of the impact of the executive budget proposal on the long–term fiscal condition of the General Fund, the Transportation Trust Fund, the Blueprint for Maryland’s Future Fund, and higher education Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

SECTION 23. AND BE IT FURTHER ENACTED, That all across–the–board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary’s College of Maryland, Morgan State University, and Baltimore City Community College.

SECTION 24. AND BE IT FURTHER ENACTED, That the Governor’s budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

SECTION 25. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2023, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged except that this policy does not apply to the Department of Human Services with respect to
federal Temporary Assistance for Needy Families funds to be carried forward into future years:

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management (DBM), whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) DBM shall take appropriate actions to effectively establish the provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

SECTION 26. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2024 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor’s budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2023 except as indicated elsewhere in this Act; however, this may not preclude the placement of additional information into the budget books. For actual fiscal 2022 spending, the fiscal 2023 working appropriation, and the fiscal 2024 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2022 spending, the fiscal 2023 working appropriation, and the fiscal 2024 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

Further provided that due diligence shall be taken to accurately report full–time equivalent (FTE) counts of contractual FTEs in the budget books. For the purpose of this count, contractual FTEs are defined as those individuals having an employee–employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS with the allowance for each department, unit, agency, office, and institution, a one–page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Further provided that for each across–the–board reduction to appropriations or positions in the fiscal 2024 Budget Bill affecting fiscal 2023 or 2024, DBM shall allocate the
reduction for each agency in a level of detail not less than the three–digit R*Stars financial agency code and by each fund type.

Further provided that DBM shall provide to DLS special and federal fund accounting detail for the fiscal year last completed, current year, and budget year for each fund. The account detail, to be submitted with the allowance, should at a minimum provide revenue and expenditure detail, along with starting and ending balances.

Further provided that DBM shall provide to DLS by September 1, 2022, a list of subprograms used by each department, unit, agency, office, and institution, along with a brief description of the subprograms’ purpose and responsibilities.

SECTION 27. AND BE IT FURTHER ENACTED, That on or before August 1, 2022, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2022 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not–to–exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full– and part–time, associated with the agreement;

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement;

(8) total indirect cost recovery or facilities and administrative (F&A) expenditures authorized for the agreement;

(9) the indirect cost recovery or F&A rate for the agreement and brief description of how the rate was determined;

(10) actual expenditures for the most recently closed fiscal year;
(11) actual base expenditures that the indirect cost recovery or F&A rate may be applied against during the most recently closed fiscal year;

(12) actual expenditures for indirect cost recovery or F&A for the most recently closed fiscal year; and

(13) total authorized expenditures for any subaward(s) or subcontract(s) being used as part of the agreement and a brief description of the type of award or contract.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2022, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 that were in effect at any time during fiscal 2022.

Further provided that no new higher education interagency agreement with State agencies with a projected value in excess of $500,000 may be entered into during fiscal 2023 without prior approval of the Secretary of Budget and Management.

SECTION 28. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor’s Office of Crime Prevention, Youth, and Victim Services or the Maryland Department of Emergency Management made in Section 1 of this Act shall be subject to the following restrictions:

(1) This section may not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance; and

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Account for projects approved by the Legislative Policy Committee (LPC).

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until:

(a) that amendment has been submitted to the Department of Legislative Services (DLS); and

(b) the budget committees or LPC has considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of the impact on regular position or contractual
full-time equivalent payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by any other authorizing legislation, and notwithstanding the provisions of Section 3–216 of the Transportation Article, a budget amendment may not:

   (a) restore funds for items or purposes specifically denied by the General Assembly;

   (b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation (MDOT) shall be restricted as provided in Section 1 of this Act;

   (c) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS, and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to MDOT; and

   (d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a federal fund appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.

(7) Budget amendments for new major information technology projects, as defined by Sections 3A–301 and 3A–302 of the State Finance and Procurement Article, must include an Information Technology Project Request, as defined in Section 3A–308 of the State Finance and Procurement Article.

(8) Further provided that the fiscal 2023 appropriation detail as shown in the Governor’s budget books submitted to the General Assembly in January 2023 and the supporting electronic detail may not include appropriations for budget amendments that
SENATE BILL 290

have not been signed by the Governor, exclusive of the MDOT pay-as-you-go capital program.

(9) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2024 allowance, the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

(10) Except as provided in paragraph (6) of this section or as authorized in HB 1322 enacted at the 2022 session of the General Assembly, an amendment of a federal fund appropriation may not permit the expenditure of money from the federal government if the federal funds are appropriated by Congress in the Infrastructure Investment and Jobs Act.

SECTION 29. AND BE IT FURTHER ENACTED, That:

(1) The Secretary of Health shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2022 in program M00Q01.03 Medical Care Provider Reimbursements and M00Q01.10 Medicaid Behavioral Health Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the monthly reports by fund type required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2022 to program R00A02.07 Students With Disabilities for nonpublic placements have been disbursed for services provided in that fiscal year and to prepare monthly reports as required under this section for that program.

(3) The Secretary of Human Services shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2022 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year, including detail by placement type for the average monthly caseload, average monthly cost per case, and the total expended for each foster care program, and to prepare the monthly reports required under this section for that program.

(4) For the programs specified, reports must indicate by fund type total appropriations for fiscal 2022 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller beginning August 15, 2022, and submitted on a monthly basis thereafter.
(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2022 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

SECTION 30. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (Workers’ Compensation) and to credit all payments disbursed to the Injured Workers’ Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the General Fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

SECTION 31. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7–236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2022, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that an equal number of positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 contractual full–time equivalents (FTE) are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual FTEs for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section. The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non–State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

(1) funds are available from non–State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non–State
funds are no longer available. The Secretary of Budget and Management shall certify and
report to the General Assembly by June 30, 2023, the status of positions created with
non-State funding sources during fiscal 2020 through 2023 under this provision as
remaining, authorized, or abolished due to the discontinuation of funds.

SECTION 32. AND BE IT FURTHER ENACTED, That immediately following the
close of fiscal 2022, the Secretary of Budget and Management shall determine the total
number of full-time equivalent (FTE) positions that are authorized as of the last day of
fiscal 2022 and on the first day of fiscal 2023. Authorized positions shall include all
positions authorized by the General Assembly in the personnel detail of the budgets for
fiscal 2022 and 2023, including nonbudgetary programs, the Maryland Transportation
Authority, the University System of Maryland self–supported activities, and the Maryland
Correctional Enterprises.

The Department of Budget and Management shall also prepare a report during fiscal
2023 for the budget committees upon creation of regular FTE positions through Board of
Public Works action and upon transfer or abolition of positions. This report shall also be
provided as an appendix in the Governor’s Fiscal 2024 Budget Books. It shall note, at the
program level:

(1) where regular FTE positions have been abolished;
(2) where regular FTE positions have been created;
(3) from where and to where regular FTE positions have been transferred;
and
(4) where any other adjustments have been made.

Provision of contractual FTE information in the same fashion as reported in the
appendices of the Governor’s Fiscal 2023 Budget Books shall also be provided.

SECTION 33. AND BE IT FURTHER ENACTED, That no position identification
number assigned to a position abolished in this budget may be reassigned to a job or
function different from that to which it was assigned when the budget was submitted to the
General Assembly. Incumbents in positions abolished may continue State employment in
another position.

SECTION 34. AND BE IT FURTHER ENACTED, That the Secretary of Budget and
Management shall include as an appendix in the Governor’s Fiscal 2024 Budget Books an
accounting of the fiscal 2022 actual, fiscal 2023 working appropriation, and fiscal 2024
estimated revenues and expenditures associated with the employees’ and retirees’ health
plan. The data in this report should be consistent with the budget data submitted to the
Department of Legislative Services. This accounting shall include:

(1) any health plan receipts received from State agencies, as well as
prescription rebates or recoveries, or audit recoveries, and other miscellaneous recoveries;
SENATE BILL 290

(2) any health plan receipts received from employees and retirees, broken out by active employees, non–Medicare–eligible retirees, and Medicare–eligible retirees;

(3) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans, with health, mental health, and prescription drug expenditures broken out by medical payments for active employees, non–Medicare–eligible retirees, and Medicare–eligible retirees, and prescription drug expenditures broken out by active employees, non–Medicare–eligible retirees, and Medicare–eligible retirees; and

(4) any balance remaining and held in reserve for future provider payments.

SECTION 35. AND BE IT FURTHER ENACTED, That $200,000 of the general fund appropriation in the Maryland Department of Planning, $200,000 of the general fund appropriation in the Department of Natural Resources, $200,000 of the general fund appropriation in the Maryland Department of Agriculture, $200,000 of the general fund appropriation in the Maryland Department of the Environment, and $200,000 of the general fund appropriation in the Department of Budget and Management made for the purpose of general operating expenses may not be expended until the agencies provide a report to the budget committees on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The report shall include:

(1) fiscal 2022 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

(2) projected fiscal 2023 to 2025 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

(3) an overall framework discussing the needed regulations, revenues, laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2022 to 2025 in order to reach the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay, to be both written in narrative form and tabulated in spreadsheet form that is submitted electronically in disaggregated form to DLS;

(4) an analysis of the various options for financing Chesapeake Bay
restoration including public–private partnerships, a regional financing authority, nutrient
trading, technological developments, and any other policy innovations that would improve
the effectiveness of Maryland and other states’ efforts toward Chesapeake Bay restoration;

(5) an analysis on how cost effective the existing State funding sources, such as the Bay Restoration Fund, Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, Water Quality Revolving Loan Fund, and Clean Water Commerce Account among others, are for Chesapeake Bay restoration purposes; and

(6) updated information on the Phase III Watershed Implementation Plan implementation and how the loads associated with the Conowingo Dam infill, growth of people and animals, and climate change will be addressed.

The report shall be submitted by December 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

SECTION 36. AND BE IT FURTHER ENACTED, That $100,000 of the general fund appropriation made for the purpose of administrative expenses in D21A02.01 Governor’s Office of Crime Prevention, Youth, and Victim Services’ Children and Youth Division (CYD), $100,000 of the general fund appropriation of the Department of Human Services Social Services Administration, $100,000 of the general fund appropriation of the Department of Juvenile Services, $100,000 of the general fund appropriation of the Maryland Department of Health Developmental Disabilities Administration, and $100,000 of the general fund appropriation of the Maryland State Department of Education may not be expended until CYD submits a report on behalf of the Children’s Cabinet to the budget committees on out–of–home placements containing:

(1) the total number and one–day counts (as of January 1) of out–of–home placements and entries by jurisdiction, by agency, and by placement type for fiscal 2020, 2021, and 2022;

(2) the total number and one–day counts (as of January 1) of out–of–state placements, including the number of family home, community–based, and non–community–based out–of–state placements for fiscal 2020, 2021, and 2022 categorized by state and by age category;

(3) the costs associated with out–of–home placements;

(4) an explanation of recent placement trends;

(5) findings of child abuse and neglect occurring while families are receiving family preservation services or within one year of each case closure; and

(6) areas of concern related to trends in out–of–home and/or out–of–state
placements and potential corrective actions that the Children's Cabinet and local
management boards can take to address these concerns.

Further provided that each agency or administration that funds or places children
and youth in out-of-home placements shall assist CYD and comply with any data requests
necessary for the timely production of the report. The report shall be submitted to the
budget committees by January 1, 2023, and the budget committees shall have 45 days from
the date of the receipt of the report to review and comment. Funds not expended for this
restricted purpose may not be transferred by budget amendment or otherwise for any other
purpose. Should the report not be submitted by the requested date, the restricted funds
shall revert to the General Fund.

appropriation within the Department of State Police (DSP) may not be expended until DSP
submits the Crime in Maryland, 2021 Uniform Crime Report (UCR) to the budget
committees. The budget committees shall have 45 days to review and comment following
receipt of the report. Funds restricted pending the receipt of the report may not be
transferred by budget amendment or otherwise to any other purpose and shall revert to the
General Fund if the report is not submitted to the budget committees.

Further provided that, if DSP encounters difficulty obtaining, or validating the
accuracy of, the necessary crime data by November 1, 2022, from local jurisdictions who
provide the data for inclusion in the UCR, DSP shall notify the Governor's Office of Crime
Prevention, Youth, and Victim Services (GOCPYVS). From each jurisdiction's third
quarterly State Aid for Police Protection (SAPP) disbursement, the office shall withhold a
portion, totaling at least 15% but no more than 50%, of that jurisdiction's SAPP grant for
fiscal 2023 upon receipt of notification from DSP. GOCPYVS shall withhold SAPP funds
until such a time that the jurisdiction submits its crime data to DSP, and DSP verifies the
accuracy of the data. DSP and GOCPYVS shall submit a report to the budget committees
indicating any jurisdiction from which crime data was not received by November 1, 2022,
and the amount of SAPP funding from each jurisdiction.

SECTION 38. AND BE IT FURTHER ENACTED, That $50,000 of the general fund
appropriation made for the purpose of administration in the Department of Juvenile
Services (DJS) Office of the Secretary (V00D01.01), $50,000 of the general fund
appropriation made for the purposes of program direction in the Maryland Department of
Health (MDH) – Behavioral Health Administration Program Direction (M00L01.01), and
$50,000 of the general fund appropriation made for the purpose of general operating
expenses in the Governor's Office of Crime Prevention, Youth, and Victim Services Children
and Youth Division (D21A02.01) may not be expended until the agencies submit a report
on:

(1) a review of current practices and youth preventative programs
supporting the behavioral health needs of youth, including those at risk of incarceration or
recidivism;

(2) a review of youth-centered, youth co–designed behavioral health
interventions and prevention models being implemented nationally and with evidence–based outcomes; and

(3) recommendations for statutory, regulatory, or other changes that could allow for increased access and expansion of behavioral health programs in Maryland to best serve youth and families to prevent and divert from justice system involvement.

Further, DJS and MDH shall coordinate with the Behavioral Health and Criminal Justice Partnership and other stakeholders when applicable during the completion and submission of the report. The report shall be submitted by November 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund or be canceled if the report is not submitted to the budget committees.

DBM and MDOT shall determine the appropriate methodology for rebasing the scales with the intention of the base steps providing adequate salary to attract candidates to State positions while also incentivizing veteran employees to remain in State employment. DBM and MDOT shall each provide a report detailing the following:

(2) the revised salary scales; and

(3) the estimated cost of new salary scales for fiscal 2024.

The report shall be submitted by December 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

SENATE BILL 290

(6) a description of the use of and outcomes from any next generation compliance techniques to increase compliance with Maryland’s environmental regulations.

Further provided that funding restricted for this purpose may be released quarterly in $50,000 installments for each agency upon receipt of the required quarterly reports by the budget committees. The budget committees shall have 45 days from the date of the receipt of the reports to review and comment. Funds restricted may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the budget committees and the released funding is not used to fill vacant compliance and enforcement positions.

SECTION 42. AND BE IT FURTHER ENACTED, That $125,000 of the general fund appropriation made for the purpose of general operating expenses in the Department of Public Safety and Correctional Services (DPSCS) Division of Correction General Administration (Q00B01.01) and $125,000 of the general fund appropriation for the purpose of general operating expenditures in the Department of General Services (DGS) – Office of Design, Construction and Energy (H00G01.01) may not be expended until DPSCS submits the fiscal 2023 Prerelease Unit for Women Progress Report written by DPSCS in accordance with Chapter 16 of 2021 and DGS submits a letter approving the DPSCS report.
