**Maryland Department of Emergency Management**

**Committee Narrative**

**Resilient Maryland Revolving Loan Fund (RMRLF) Applications:** The committees are interested in the nature, cost, and distribution of projects for which the provision of funding is being considered through the RMRLF. The fund is structured according to guidance outlined in the federal Safeguarding Tomorrow Through Ongoing Risk Mitigation Act of 2021, which requires each application to include a project proposal that assesses vulnerabilities and how the project will be designed to address them. Given that such application materials will be collected for the purpose of processing federal funding, the committees request that the materials be compiled into a single report for committee members to review.

**Department of Disabilities**

**Committee Narrative**

**Annual Report on Access Maryland Project Encumbrances and Expenditures:** The committees are concerned about the slow pace of annual encumbrances and lack of reliable and up-to-date encumbrance and project status information reported by the Maryland Department of Disabilities (MDOD) for the Access Maryland program. The information is needed to appropriately evaluate the effectiveness of the program. The committees request that MDOD submit a report by December 1, 2023, and annually thereafter that outlines year-to-date encumbrances and expenditures for the Access Maryland program. The Department of Legislative Services will work with MDOD to ensure that there is consensus on the reporting format.

**DB01**  
**Historic St. Mary’s City Commission**

**Committee Narrative**

**Report on Annual Project Encumbrances and Expenditures:** The Department of Legislative Services (DLS) and the Department of Budget and Management use the same standard reporting requirements to request updates on annual project encumbrances and expenditures from agencies for both State-owned and grant- and loan-funded projects. DLS is having difficulty in obtaining accurate and up-to-date information in this form for the Site Improvement project happening at the Historic St. Mary’s City Commission (HSMCC). This committee narrative requires HSMCC to submit a report by December 1, 2023, that outlines year-to-date encumbrances and expenditures for the annually funded Site Improvement project that began in fiscal 2022. The report should list each site upgrade funded under the Site Improvement project, the funds associated, and a status update.

**Department of Health**

**Committee Narrative**

**Report on Updates to the Facilities Master Plan (FMP):** The Maryland Department of Health’s (MDH) 2041 FMP recommends the divestiture and decommissioning of MDH-operated facilities as well as integral renovations and construction projects to maintain quality of care. Due to changes in the timeline of projects and emerging priorities, MDH should submit a report to the committees that includes the following:

- any changes in the priority of projects of the new Administration;
- an updated timeline and cost estimate for projects included in the FMP;
- a plan for continuing to provide patient care when facilities are decommissioned or relocated;
- a plan for the transition of patient care to community providers;
- an assessment of the capacity of community providers to accept an influx of patients; and
- a future employment plan for all current MDH employees that work at facilities that are being decommissioned or relocated.

(A)            Women’s Prerelease Center. Provide funds to begin design of a new prerelease unit for women.....                    3,000,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
0	3,000,000	3,000,000

**Explanation:** This action adds funds in fiscal 2024 to support a new Women’s Prerelease Center in accordance with Chapter 16 of 2021.

Amendment No. \_\_\_\_\_

**Committee Narrative**

**Women’s Prerelease Center Progress:** The Department of Public Safety and Correctional Services (DPSCS) is statutorily required by Chapter 16 of 2021 to construct and operate a standalone women’s prerelease center. Despite a preauthorization of \$2 million in fiscal 2024, DPSCS did not request the preauthorized funds in its capital program and did not provide the required supporting documentation to the Department of Budget and Management (DBM) to move the project forward. The committees note that DPSCS has been consistently delayed in meeting the statutory requirements and ask that DBM work with DPSCS and the Department of General Services to ensure this project receives the program support and resources needed to prevent any further delay.

Furthermore, the committees are highly concerned that this project was not requested as part of the DPSCS capital request to DBM for consideration of inclusion in the 2023 session Capital Improvement Program (CIP) despite a legislative preauthorization in the 2022 session capital bill to fund the initial design phase in fiscal 2024. The committees ask that DBM work with DPSCS to provide the committees an anticipated design and construction schedule and project expenditure cash flow that supports a fiscal 2025 construction start no later than October 1, 2023. The committees further ask that DPSCS and DBM provide written notification to the committees 30 days prior to presenting the design contract to the Board of Public Works (BPW) for consideration.

**Local Jails and Detention Centers**

**Committee Narrative**

**Local Jail Population Report:** The committees request that fiscal 2023 local jail average daily population (ADP) data be provided by the Department of Public Safety and Correctional Services (DPSCS). In addition to the Annual Summary of Maryland Local Jail Statistics, which shows ADP data by county, DPSCS should provide the following for each local jail or detention center:

- operational capacity at the end of each month, making note of specialized population beds that cannot be used by general population inmates;
- the ADP for each month, separated by male and female offenders;
- the number of days each facility exceeded operational capacity each month; and
- the peak inmate population at each facility per month.
