DA0101 Maryland Department of Emergency Management

Committee Narrative

Resilient Maryland Revolving Loan Fund (RMRLF) Applications: The committees are interested in the nature, cost, and distribution of projects for which the provision of funding is being considered through the RMRLF. The fund is structured according to guidance outlined in the federal Safeguarding Tomorrow Through Ongoing Risk Mitigation Act of 2021, which requires each application to include a project proposal that assesses vulnerabilities and how the project will be designed to address them. Given that such application materials will be collected for the purpose of processing federal funding, the committees request that the materials be compiled into a single report for committee members to review.

Annual Report on Access Maryland Project Encumbrances and Expenditures: The committees are concerned about the slow pace of annual encumbrances and lack of reliable and up-to-date encumbrance and project status information reported by the Maryland Department of Disabilities (MDOD) for the Access Maryland program. The information is needed to appropriately evaluate the effectiveness of the program. The committees request that MDOD submit a report by December 1, 2023, and annually thereafter that outlines year-to-date encumbrances and expenditures for the Access Maryland program. The Department of Legislative Services will work with MDOD to ensure that there is consensus on the reporting format.

Historic St. Mary’s City Commission

Committee Narrative

Report on Annual Project Encumbrances and Expenditures: The Department of Legislative Services (DLS) and the Department of Budget and Management use the same standard reporting requirements to request updates on annual project encumbrances and expenditures from agencies for both State-owned and grant- and loan-funded projects. DLS is having difficulty in obtaining accurate and up-to-date information in this form for the Site Improvement project happening at the Historic St. Mary’s City Commission (HSMCC). This committee narrative requires HSMCC to submit a report by December 1, 2023, that outlines year-to-date encumbrances and expenditures for the annually funded Site Improvement project that began in fiscal 2022. The report should list each site upgrade funded under the Site Improvement project, the funds associated, and a status update.
