(i) Is a type that is already adequately represented among the Trust's existing easement properties;

(ii) Is already subject to adequate protections of historic preservation law or instrument; or

(iii) Has conditions peculiar to it that make requiring an easement impractical.

(b) If the grantee holds a lease on the property, the Trust may accept an easement on the leasehold interest.

(c) The easement must be in form, substance, and duration acceptable to the Director of the Trust.

(d) (i) A recipient may administratively appeal to the Maryland Historical Trust Board of Trustees a determination made by the Director of the Trust under subparagraph (a) of this paragraph.

(ii) The decision made by the Maryland Historical Trust Board of Trustees on an appeal is final and is not subject to further administrative appeal or judicial review.

(7) The proceeds of the loan must be expended or encumbered by the Board of Public Works for the purposes provided in this Act no later than June 1, 2030. If any funds authorized by this Act remain unexpended or unencumbered after June 1, 2030, the amount of the unexpended or unencumbered authorization shall be canceled and be of no further force and effect. If bonds have been issued for the loan, the amount of unexpended or unencumbered bond proceeds shall be disposed of as provided in § 8–129 of the State Finance and Procurement Article.

(8) Multiple grants provided to the same organization in this Section are in addition to one another. Unless otherwise provided, any matching fund requirements apply to each individual grant.

(9) (a) Subject to subparagraphs (b) and (c) of this paragraph, the Board of Public Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 of this Act, notwithstanding technical differences in:

3 appropriation; or

4 (ii) The location of the project.

5 (b) The Department of Budget and Management shall notify the Office of
6 Policy Analysis within the Department of Legislative Services in writing of:

7 (i) The technical differences between an appropriation in Section

9 (ii) The justification that the proposed use of the funds is consistent
10 with the public purpose of the appropriation.

11 (c) (i) The Office of Policy Analysis shall have 45 days to review and
12 comment on the proposed use of the funds.

13 (ii) If the Office of Policy Analysis does not submit written objections
14 within 45 days, the Department of Budget and Management shall provide certification in
15 writing to the Board of Public Works that the proposed use of funds may be approved
16 notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00
17 through ZB02 of this Act.

18 (10) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement
19 Article, the State Treasurer shall determine the amount of premium from the sale of bonds
20 in fiscal years 2022, 2023, and 2024 to be transferred to the Annuity Bond Fund. Upon each
21 issuance of State bonds in fiscal years 2022, 2023, and 2024, the Treasurer shall notify the
22 Comptroller of the Treasurer's determination and the Comptroller shall credit the premium
23 accordingly. Premium from the sale of bonds in fiscal years 2022, 2023, and 2024 that is not
24 transferred to the Annuity Bond Fund may, upon approval of the Board of Public Works, be
25 expended by the Comptroller for any of the public purposes set forth in Section 1(3) of this
26 Act, including any applicable architects' and engineers' fees.

27 (11) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the
28 principal amount of any loan authorized under this Act shall be reduced by the cash
29 proceeds, excluding any accrued interest, received for the State bonds and allocated by the
30 Comptroller to the loan.
