 16 until paid in full. The principal shall be discharged within 15 years after the date of issue

18 (5) (a) Prior to the payment of any matching grant funds under the provisions  
 19 of Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide and expend  
 20 matching funds as specified. No part of a grantee’s matching fund may be provided, either  
 21 directly or indirectly, from funds of the State, whether appropriated or unappropriated.  
 22 Except as otherwise provided, no part of the fund may consist of real property, in kind  
 23 contributions, or funds expended prior to the effective date of this Act. In case of any dispute  
 24 as to what money or assets may qualify as matching funds, the Board of Public Works shall  
 25 determine the matter, and the Board’s decision is final. Grantees have until June 1, 2027,  
 26 to present evidence satisfactory to the Board of Public Works that the matching fund will  
 27 be provided. If satisfactory evidence is presented, the Board shall certify this fact to the  
 28 State Treasurer and the proceeds of the loan shall be expended for the purposes provided in  
 29 this Act. If this evidence is not presented by June 1, 2027, the proceeds of the loan shall be  
 30 applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

31 (b) It is further provided that when an equal and matching fund is specified  
 32 in Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide a matching fund  
 33 equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the  
 34 matching fund certified by the Board of Public Works. If satisfactory evidence is presented,  
 35 the Board shall certify this fact and the amount of the matching fund to the State Treasurer  
 36 and the proceeds of the loan equal to the amount of the matching fund shall be expended for  
 37 the purposes provided in this Act. If this evidence is not presented by June 1, 2027, the  
 38 proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State  
 39 Finance and Procurement Article. The proceeds of any amount of the loan in excess of the  
 40 matching fund certified by the Board of Public Works shall also be applied to the purposes  
 41 authorized in § 8–129 of the State Finance and Procurement Article.

1 (6) (a) Prior to approval by the Board of Public Works of an expenditure of bond  
2 proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee  
3 shall grant and convey to the Maryland Historical Trust a historic preservation easement  
4 on the property where the capital project assisted by the bond proceeds is located if the  
5 Director of the Trust determines that the capital project impacts real property that is  
6 individually listed in, or eligible for individual listing in, the Maryland Register of Historic  
7 Properties, unless the Director of the Trust also determines that the real property:

8 (i) Is a type that is already adequately represented among the  
9 Trust's existing easement properties;

10 (ii) Is already subject to adequate protections of historic preservation  
11 law or instrument; or

12 (iii) Has conditions peculiar to it that make requiring an easement  
13 impractical.

14 (b) If the grantee holds a lease on the property, the Trust may accept an  
15 easement on the leasehold interest.

16 (c) The easement must be in form, substance, and duration acceptable to  
17 the Director of the Trust.

18 (d) (i) A recipient may administratively appeal to the Maryland  
19 Historical Trust Board of Trustees a determination made by the Director of the Trust under  
20 subparagraph (a) of this paragraph.

21 (ii) The decision made by the Maryland Historical Trust Board of  
22 Trustees on an appeal is final and is not subject to further administrative appeal or judicial  
23 review.

24 (7) The proceeds of the loan must be expended or encumbered by the Board of  
25 Public Works for the purposes provided in this Act no later than June 1, 2032. If any funds  
26 authorized by this Act remain unexpended or unencumbered after June 1, 2032, the amount  
27 of the unexpended or unencumbered authorization shall be canceled and be of no further  
28 force and effect. If bonds have been issued for the loan, the amount of unexpended or  
29 unencumbered bond proceeds shall be disposed of as provided in § 8-129 of the State  
30 Finance and Procurement Article.

31 (8) Multiple grants provided to the same organization in this Section are in  
32 addition to one another. Unless otherwise provided, any matching fund requirements apply  
33 to each individual grant.

34 (9) (a) Subject to subparagraphs (b) through (d) of this paragraph, the Board of  
35 Public Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 of  
36 this Act or in any other previously enacted Maryland Consolidated Capital Bond Loan Act,  
37 notwithstanding differences in:

1 (i) The name of the grantee or the description of the project, provided  
2 that the proposed use of funds is consistent with the public purpose of the original  
3 appropriation; or

4 (ii) The location of the project.

5 (b) When the difference in the name of the grantee is nonsubstantive and  
6 the identity of the grantee can be determined, and when the difference in the description of  
7 the project is nonsubstantive and is consistent with the public purpose of the original  
8 appropriation, the Department of General Services shall record the correct grantee  
9 identification and project description in the grant agreement entered into by the grantee  
10 with the State of Maryland and recorded with the Board of Public Works. In all other  
11 instances of differences provided in subparagraph (a) of this paragraph, the Department of  
12 Budget and Management shall notify the Office of Policy Analysis within the Department  
13 of Legislative Services in writing of:

14 (i) The differences between an appropriation in Section 1(3) Items  
15 ZA00 through ZB02 of this Act and the proposed use of the funds; and

16 (ii) The justification that the proposed use of the funds is consistent  
17 with the public purpose of the appropriation.

18 (c) (i) The Office of Policy Analysis shall have 45 days to review and  
19 comment on the proposed use of the funds.

20 (ii) If the Office of Policy Analysis does not submit written objections  
21 within 45 days, the Department of Budget and Management shall provide certification in  
22 writing to the Board of Public Works that the proposed use of funds may be approved  
23 notwithstanding differences in the appropriation in Section 1(3) Items ZA00 through ZB02  
24 of this Act.

25 (d) It is the intent of the General Assembly that the provisions of this  
26 paragraph:

27 (i) Provide an administrative process authorizing the approval of  
28 grants by the Board of Public Works, provided that the proposed use of funds is consistent  
29 with the public purpose of the original appropriation; and

30 (ii) Be applicable to this Act and all prior Maryland Consolidated  
31 Capital Bond Loans.

32 (10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the  
33 principal amount of any loan authorized under this Act shall be reduced by the cash  
34 proceeds, excluding any accrued interest, received for the State bonds and allocated by the  
35 Comptroller to the loan.

1 (11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement  
2 Article, the State Treasurer shall determine the amount of premium from the sale of bonds  
3 in fiscal years 2024 and 2025 to be transferred to the Annuity Bond Fund. Upon each  
4 issuance of State bonds in fiscal years 2024 and 2025, the Treasurer shall notify the  
5 Comptroller of the Treasurer’s determination and the Comptroller shall credit the premium  
6 accordingly. Premium from the sale of bonds in fiscal years 2024 and 2025 that is not  
7 transferred to the Annuity Bond Fund may, upon approval of the Board of Public Works, be  
8 expended by the Comptroller for any of the public purposes set forth in Section 1(3) of this  
9 Act, including any applicable architects’ and engineers’ fees.

 8 commence on this project prior to the appropriation of all funds  
 9 necessary to complete this project ..... [4,445,000]  
 10 **1,945,000**

11 SECTION 3. AND BE IT FURTHER ENACTED, That the General Assembly  
 12 declares that it is the public policy of this State to manage State general obligation bond  
 13 debt in a manner that will maintain Maryland’s AAA bond rating. The General Assembly  
 14 further declares that legislative oversight, control, and review of all forms of State  
 15 obligations are essential to maintenance of the State’s existing bond rating and protection  
 16 of the fiscal integrity of the State.

17 SECTION 4. AND BE IT FURTHER ENACTED, That, before work may commence  
 18 pursuant to any supplement to any appropriation contained in this Act, satisfactory  
 19 evidence must be given to the Board of Public Works that the project can be completed with  
 20 the aggregate of the funds in this Act and previously appropriated for the stated purpose.

21 SECTION 5. AND BE IT FURTHER ENACTED, That:

22 (1) with the approval of the Department of Budget and Management, any  
 23 appropriation for design provided in this Act may be used to fund construction if the amount  
 24 of the appropriation exceeds the amount required for design expenses, including allowances  
 25 for contingencies; and

26 (2) with the approval of the Department of Budget and Management, any  
 27 appropriation for construction provided in this Act may be used to purchase capital  
 28 equipment if the amount of the appropriation exceeds the amount required for construction  
 29 expenses, including allowances for contingencies.

30 SECTION 6. AND BE IT FURTHER ENACTED, That, except as otherwise provided  
 31 in this Act, before a State agency or institution named in this Act as responsible for an  
 32 individual item may begin work with funds appropriated by this Act, the agency or  
 33 institution shall provide satisfactory evidence to the Board of Public Works that the work  
 34 described in the individual item can be completed with the funds specified for that item.

35 SECTION 7. AND BE IT FURTHER ENACTED, That, with the approval of the  
 36 Department of Budget and Management, any appropriation under the provisions of this  
 37 Act that is in excess of the amount needed for a project may be credited to the Construction  
 38 Contingency Fund under § 3–609 of the State Finance and Procurement Article.  
 39 Notwithstanding the fund balance restriction set forth in § 3–609(c) of the State Finance

1 and Procurement Article, any funds credited to the Fund may cause the total balance in  
2 the Fund to exceed 1.25% of the capital debt affordability limit as determined under Title  
3 8 of the State Finance and Procurement Article, in fiscal year 2026.

4 SECTION 8. AND BE IT FURTHER ENACTED, That, if federal funds are available  
5 to help accomplish any project identified in this Act, the State agency or institution  
6 responsible for the project shall make efforts through proper administrative procedures to  
7 obtain these federal funds. Before spending any funds appropriated by this Act, the agency  
8 or institution shall certify its efforts to the Board of Public Works and state the reason for  
9 any failure to obtain federal funds. If federal funds are obtained, they shall be used to defray  
10 the costs of the project described in this Act and not to expand its scope.

11 SECTION 9. AND BE IT FURTHER ENACTED, That:

12 (1) for any appropriation for the planning of a State-owned project provided in  
13 this Act, if a program required by § 3–602(d) of the State Finance and Procurement Article  
14 has not been submitted, the State agency or institution responsible for the project shall  
15 submit a program to the Department of Budget and Management for approval before funds  
16 may be expended from the appropriation; and

17 (2) for any appropriation for the construction of a State-owned project provided  
18 in this Act, if preliminary plans and outline specifications required by § 3–602(f)(2)(i) of the  
19 State Finance and Procurement Article have not been prepared, the State agency or  
20 institution responsible for the project shall submit preliminary plans and outline  
21 specifications to the Department of Budget and Management for approval before funds may  
22 be expended from the appropriation.

23 SECTION 10. AND BE IT FURTHER ENACTED, That no portion of the proceeds of  
24 a loan or any of the matching funds provided for a project funded under this Act may be  
25 used for the furtherance of an essentially religious endeavor. Upon the request of the Board  
26 of Public Works, a recipient of the proceeds of a loan under this Act shall submit evidence  
27 satisfactory to the Board that none of the proceeds of the loan or any matching funds has  
28 been or is being used for a purpose prohibited by this Act.

29 SECTION 11. AND BE IT FURTHER ENACTED, That the Comptroller may  
30 advance funds to any loan funds account established pursuant to a general obligation bond  
31 loan enabling Act for any expenditure authorized by that Act, provided that if general  
32 obligation bonds have not been issued under the authority of that Act, the next ensuing  
33 sale of general obligation bonds shall include the issuance of bonds under the authority of  
34 that Act in an amount at least equivalent to the amount of the funds so advanced.

35 SECTION 12. AND BE IT FURTHER ENACTED, That Section(s) 13, 14, 15, and 16
