	-\$3,000,000	GF				

2. Add the following section: No response

**Section XX Reduce Unused New Life Skills and Re-Entry Center for Women Project Funds in Fiscal 2026**

Section XX. AND BE IT FURTHER ENACTED, that \$2,000,000 in general funds is reduced from the fiscal 2026 appropriation for program H00H01.02 Statewide Capital Appropriation within the Department of General Services that was made for the purpose of the Life Skills and Re-Entry Center for Women.

**Explanation:** The fiscal 2026 Budget Bill included \$2 million of general funds within the Department of General Services Statewide Capital Appropriation. The Department for Public Safety and Correctional Services indicates that the project has been deferred until fiscal 2028. This action reduces the general funds for a deficiency appropriation for the delayed Life Skills and Re-Entry Center for Women project.

1. Adopt the following narrative:

Concur

**Baltimore City Direct Grant Spending Spreadsheet:** A portion of the Program Open Space Stateside funding is allocated for the Baltimore City Direct Grant. In recent years, certain projects have been specified for Baltimore City Direct Grant funding, but the status of spending and project progress has not been clear. In the 2025 legislative session, a total of five prior year Baltimore City Direct Grant projects with specified funding were identified as either abandoned or completed with funding remaining, and the General Assembly repurposed the prior year project funding for new projects. The large number of projects identified in the 2025 legislative session as either abandoned or completed with funding remaining reflects the need for additional information about Baltimore City Direct Grant funding. The committees request that the Department of Natural Resources (DNR) provide an editable electronic spreadsheet showing each year of Baltimore City Direct Grant funding, the projects funded by each year of funding broken down by projects specified by the legislature and specified by Baltimore City, and the status of each project in terms of reimbursement sought and project stage. The report is requested to be submitted by October 1, 2026, and December 31, 2026.
