## C00A00 Judiciary

### **Budget Amendment**

Add the following language to the general fund appropriation:

Provided that \$2,172,300 in general funds made for the purpose of providing judicial compensation enhancements are reduced to bring available funds in line with the recommendations of the Judicial Compensation Commission. The Chief Justice is authorized to allocate this reduction across programs within the Judiciary.

**Explanation:** This action reduces funds in the fiscal 2027 budget to bring judicial compensation enhancements in line with the Judicial Compensation Commission's recommendations. This includes a \$5,900 salary increase in fiscal 2027 for all judges and a \$7,500 stipend for the Chief Judge of the Appellate Court of Maryland and administrative judges in the trial courts.

Amendment No.

Add the following language to the general fund appropriation:

Further provided that \$3,176,185 in general funds, \$164,842 in special funds, and \$37,319 in reimbursable funds of this appropriation made for the purpose of a merit increases for personnel are reduced. The Chief Justice is authorized to allocate this reduction across programs within the Judiciary.

**Explanation:** This reduces the fiscal 2027 budget to remove the 1% merit increase for personnel.

Amendment No.

### Budget Amendment

#### C00A00.04 District Court

Add the following language to the general fund appropriation:

, provided that \$8,200,000 of this appropriation made for the purpose of providing attorneys for required representation at initial appearances before District Court commissioners consistent with the holding of the Supreme Court of Maryland in DeWolfe v. Richmond may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert back to the General Fund.

**Explanation:** This language restricts the use of \$8.2 million of the Judiciary's general fund appropriation for the implementation of DeWolfe v. Richmond to that purpose only.

Amendment No.

Amend appropriation for the purposes indicated:

### Committee Narrative

**Panel Attorney Caseload and Expenditures Reports:** The Office of the Public Defender (OPD) has had recent shortfalls involving panel attorneys that have required deficiency appropriations. The committees request two reports from OPD that provide data on the use of panel attorneys in fiscal 2026 and 2027 year to date. Each report should include the number of cases paneled to private attorneys by case type, overall caseloads for attorneys in each division, actual spending on panel attorneys, total funds remaining in fiscal 2027 for panel attorneys, and anticipated costs for the remainder of the year. The first report should include an overview of actual fiscal 2026 expenditures relating to panel attorneys.

### Fiscal 2026 Deficiency

Add the following language to the general fund appropriation:

, provided that \$8,530,154 of this appropriation made for the purpose of panel attorney fees may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

**Explanation:** This language restricts a portion of the deficiency appropriation under District Operations budgeted for panel attorney fees to be used only for that purpose.

Amendment No.

**C80B00**

**Fiscal 2026 Deficiency**

Add the following language:

**C80B00.02 District Operations**

To become available immediately upon passage of this budget to supplement the appropriation for fiscal 2026 to fund information technology expenditure shortfalls.

General Fund Appropriation ..... ~~2,000,000~~ 1,935,000

**Explanation:** This action reduces \$65,000 in general funds from a proposed deficiency appropriation that supplements fiscal 2026 information technology-related expenses to account for an unidentified contract budgeted in fiscal 2026.

Amendment No.

**Budget Amendment**

**C80B00.03 Appellate and Inmate Services**

**Fiscal 2026 Deficiency**

Add the following language:

, provided that \$36,531 of this appropriation made for the purpose of panel attorney fees may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

**Explanation:** This language restricts the deficiency appropriation for Appellate and Inmate Services within the Office of the Public Defender to be used only for fees associated with panel attorneys.

**Budget Amendment**

**C90G00.01                    General Administration and Hearings**

Add the following language to the special fund appropriation:

, provided that \$100,000,000 of this appropriation is contingent upon enactment of legislation expanding the allowable uses of the Strategic Energy Investment Fund to include providing awards to electric companies, including electric cooperatives and municipal electric utilities, to be refunded or credited to residential customers

**Explanation:**                    This language modifies language making a portion of the appropriation in the Public Service Commission contingent on the expansion of allowable uses to more specifically identify the expanded use for which these funds are needed and better match the applicable legislation.

Amendment No.

Amend appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1.            Reduce funds to increase the turnover expectancy to 6.4%. The Public Service Commission had 24 vacant positions as of December 31, 2025, which is higher than the 8.73 necessary vacancies to meet the budgeted turnover rate of 4.91%.	-350,000	SF

**Committee Narrative**

**Use of Funds Transferred from the Dedicated Purpose Account (DPA):** The fiscal 2027 allowance authorizes \$15.0 million from the DPA to be used for grid-enhancing technologies contingent on the enactment of legislation expanding the allowable use of the Strategic Energy Investment Fund. These funds are expected to be made available to the Public Service Commission (PSC) to be used for grid-enhancing and advanced transmission technologies, with \$10.0 million to conduct research and \$5.0 million to provide grants to utility companies to construct or modify transmission facilities. The committees request that PSC submit a report outlining the uses and planned uses of this funding.

**Uninsured Employers' Fund**

**Budget Amendment**

**C96J00.01            General Administration**

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of administrative expenses for the Uninsured Employers' Fund (UEF) may not be expended until UEF submits a report in conjunction with the Department of Budget and Management to the budget committees documenting whether a third-party administrator is needed for the entire current five-year contract. The report should also provide an analysis of the agency's current and future staffing needs and consider the possible shift of claim management functions in-house. The report shall be submitted by October 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Explanation:**            The budget committees are concerned about the significant increase in operating expenditures due to the procurement of a contract with a third-party administrator to perform many core functions of the agency. The report was originally requested in the 2025 Joint Chairmen's Report to be submitted by December 1, 2025; however, UEF has not submitted the report. This language restricts funds until UEF submits a report detailing its staffing capacity to manage claim functions in house.

**D13A13.01          General Administration**

Add the following language to the special fund appropriation:

, provided that \$250,000 of this appropriation made for the purpose of administrative expenses may not be expended until the Maryland Energy Administration (MEA) submits a report to the budget committees with details on the department’s funding. The report shall provide details on the fiscal 2027 working appropriation and the fiscal 2028 allowance. The report shall detail for each budgetary program the programmatic activities by fund source within MEA. The report shall be submitted in conjunction with the release of the fiscal 2028 budget, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted

**Explanation:**          The General Assembly is interested in receiving MEA’s funding in detail. MEA did not provide this information in a timely manner, as requested by committee narrative in the 2025 Joint Chairmen’s Report. This language withholds funding until details on the department’s funding are provided with submission of the fiscal 2028 budget.

## D13A13

Add the following language to the special fund appropriation:

Further provided that \$100,000 of this appropriation made for the purpose of administrative expenses may not be expended until the Maryland Energy Administration (MEA) submits a report to the budget committees detailing the

- (1) fiscal 2025 actual expenditures (including encumbrances) by programmatic activity and fund source;
- (2) the fiscal 2026 actual expenditures (including encumbrances) by programmatic activity and fund source;
- (3) explanations including details from which programs and fund sources federal and special funds were canceled for fiscal 2026 actual expenditures; and
- (4) explanations including details from which programs and fund sources federal and special funds were encumbered in fiscal 2026 closeout.

The report shall be submitted by September 30, 2026. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted.

**Explanation:** MEA has delayed providing explanations on cancellations of funds at closeout as well as delaying or failing to provide details on programmatic spending by activity and fund source in recent years. This language restricts funds pending submission of a report providing explanations on fund cancellations at fiscal 2026 closeout, as well as details on encumbrances, and spending by programmatic activity and fund source for fiscal 2025 and 2026 actual expenditures.

### Committee Narrative

**Strategic Energy Investment Fund (SEIF) Revenue, Spending, and Fund Balance:** The committees are interested in ensuring transparency in Regional Greenhouse Gas Initiative (RGGI) and Alternative Compliance Payment (ACP) revenue assumptions and spending included in the budget as well as available fund balance and planned usages of revenues. The committees request that the Department of Budget and Management (DBM) provide an annual report on the revenue from RGGI carbon dioxide emissions allowance auctions and set-aside allowances as well as ACP revenue assumptions in conjunction with the submission of the fiscal 2028 budget as an appendix to the Governor’s Fiscal 2028 Budget Books. The report shall include information on the actual fiscal 2026, the fiscal 2027 working appropriation, and the fiscal 2028 allowance. The report shall detail:

- revenue assumptions used to calculate the available SEIF from RGGI auctions for each fiscal year, including the number of auctions, the number of allowances sold, the allowance price in each auction, and the anticipated revenue from set aside allowances;
- revenue assumptions used to calculate the available ACP revenue for each fiscal year;
- amount of the SEIF from RGGI auction revenue available to each agency that receives funding through each required statutory allocation; dues owed to RGGI, Inc.; and transfers or diversions made to other funds;
- amount of the SEIF from ACP available to each agency including any transfers or diversion made to other funds; and
- fund balances for each SEIF subaccount, reflecting funds available to spend for the fiscal 2026 actual accounting for encumbered funds, the fiscal 2027 working appropriation, and the fiscal 2028 allowance.

### Committee Narrative

**Federal Infrastructure Investment and Jobs Act (IIJA) and Inflation Reduction Act (IRA) Funding for Energy-related Purposes:** The committees are interested in tracking federal funds available to the Maryland Energy Administration (MEA) from the IIJA and the IRA for energy-related purposes and the status of implementation of programming using these funds. The committees request that MEA submit a report that includes a list of all IIJA and IRA programs for which it has submitted or anticipates submitting an application, the amount of funding available from each program (if funding allocations have been announced), the status of each application submitted or date funding was awarded, and the planned uses for funding from each program. The report should also provide updates on any withheld funds and the status of the release of funds for any conditional awards.

Additionally, the committees request that MEA provide an update on the implementation of the two home energy rebate programs through IRA funding, the Home Energy Performance-Based, Whole-House Rebate Program and the High-Efficiency Electric Home Rebate Program. The report should include the status of approval of MEA's application for funding by the U.S. Department of Energy; program design and implementation activities completed, including outreach to the contractor community, and, if initial rebate awards have been made at the time of report submission; the number of rebates awarded under both programs; the average amount per rebate; and the total amount of rebates awarded. If initial rebate awards have not yet been made at the time of report submission, the report should include an anticipated timeline of when rebates under both programs will be available to the public.

**Usage of Additional Strategic Energy Investment Fund (SEIF) Revenues Provided to the Maryland Energy Administration (MEA):** The fiscal 2027 allowance for MEA includes \$100 million of Alternative Compliance Payments (ACP) deposited in SEIF funds, contingent on enactment of legislation expanding allowable uses of ACP revenues in the SEIF. The Budget Reconciliation and Financing Act of 2025 specifies, of the total \$100.0 million, \$70.0 million be used to provide gap financing for at-risk, large-scale clean energy projects and \$30.0 million be used to provide grants and loans to support creation of new Tier 1 renewable energy sources. The committees request that MEA submit a report outlining the uses and planned uses of this funding.

## D13A13

The committees also request MEA to provide an update on and the planned timeline and uses for the remaining portion of the \$90 million transferred from the SEIF to the Dedicated Purpose Account in fiscal 2025.

#### **D13A13.08 Renewable and Clean Energy Programs and Initiatives**

Add the following language to the special fund appropriation:

Further provided that \$13,000,000 of this appropriation is contingent upon enactment of legislation expanding the allowable uses of the Strategic Energy Investment Fund to include grants or loans to support the creation of new Tier 1 renewable energy sources in the State.

**Explanation:** This language makes a portion of the appropriation in the Maryland Energy Administration contingent on the expansion of allowable uses. Specifically, the programs included in this contingency are the Local Government Energy Modernization (\$7.0 million), Commercial Building (\$4.0 million) and OPEN Energy Innovation Grant Program (\$2.0 million), budgeted within the Renewable and Clean Energy Programs and Initiatives. These programs are reported as being supported by Alternative Compliance Payments, which must be used to directly benefit low- and moderate-income communities or overburdened or underserved communities.

**D21A01.01            Administrative Headquarters**

Add the following language to the general fund appropriation:

, provided that \$100,000 of the general fund appropriation made for the purpose of administration expenses may not be expended until the Governor's Office of Crime Prevention and Policy (GOCPP) submits a report to the budget committees by November 1, 2026, regarding Victims of Crime Act (VOCA) awards and funding. The report shall include:

- (1) each grant award made on July 1, 2026, for the fiscal 2027 awards, including the grant number, implementing agency, project title, start date, end date, amount of award, whether the grant is supported with general funds or federal VOCA funds, jurisdiction of implementation, and a brief description/abstract of the grant;
- (2) the total amount of grants awarded from general funds and federal VOCA funds on July 1, 2026;
- (3) the amount of unexpended funds for each open three-year VOCA grant and the reason funds are unexpended, including whether the funds are being held in reserve for future grants;
- (4) for the federal fiscal 2022 and 2023 three-year funding cycles, an identification of the respective amount of funds expended for the purpose of direct provision of services, administration, and that which went unobligated; and
- (5) a comparison of aggregate-level performance measures or outcomes measures of the VOCA program for fiscal 2022 through 2026 or as many recent years that GOCPP is able to provide.

In addition to the report submission, data shall be provided in an electronic format subject to the concurrence of the Department of Legislative Services. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

## D21

**Explanation:** The VOCA grant program is a major source of funding to victim services providers in the State. This language restricts \$100,000 pending the submission of information related to VOCA awards and funding in fiscal 2027. For each open three-year grant cycle (federal fiscal 2024, 2025, and 2026), GOCPP is required to include the amount of currently unexpended funds, the reason these funds remain unspent, and whether they will be held in reserve. The report is also required to provide further detail regarding the expenditure of funds for the two most recently completed funding cycles – federal fiscal 2022 and 2023. Finally, the report is required to provide a comparison of the program’s aggregate outcomes or performance measures in recent fiscal years.

**Report on Outcome Managing for Results (MFR) Measures:** The Governor’s Office of Crime Prevention and Policy (GOCPP) reported only one MFR measure related to outcomes in its fiscal 2026 and 2027 submissions. Given that its mission includes enhancing public safety and reducing crime and juvenile delinquency, its performance measures should include additional data for evaluating the extent to which its contributions result in a reduction in crime across Maryland. GOCPP may begin reporting related information through its scorecard of quantifiable safety indicators, but that scorecard has not yet been published or consistently updated. The committee request that, by November 15, 2026, GOCPP submit proposed MFR measures to be provided with the agency’s fiscal 2028 budget.

### Budget Amendment

#### D21A01.02 Local Law Enforcement Grants

Add the following language to the general fund appropriation:

, provided that \$500,000 of this appropriation made for the purpose of comprehensive violence prosecution grant funding for the Baltimore City State's Attorney's Office (SAO) within the Governor's Office of Crime Prevention and Policy may not be expended or distributed to Baltimore City SAO until Baltimore City SAO submits a report to the budget committees on its youth prosecution outcomes. The report shall provide the following information on the youth cases that Baltimore City SAO prosecutes:

- (1) the number of youths charged as adults, including a breakdown of this information by age, race, sex or gender, and most serious offense category;
- (2) the number of youths charged as juveniles, including a breakdown of this information by age, race, sex or gender, and most serious offense category;
- (3) the number of youths initially charged as adults with cases that are waived to the juvenile court;
- (4) the number of youths with cases dismissed, distinguishing between youths initially charged as adults versus juveniles;
- (5) the number of youths held pretrial and the number held pretrial in adult facilities for all or a portion of their detention;
- (6) the average length of pretrial detention for youths initially charged as adults and the average length for youths initially charged as juveniles;
- (7) the number of youths with cases dismissed after pretrial detention, distinguishing between youths initially charged as adults versus juveniles;
- (8) the number of youths with cases resolved by plea or trial, distinguishing between youths initially charged as adults versus juveniles;
- (9) the average time from charging to disposition for youths initially charged as adults and the average length for youths initially charged as juveniles;

## D21

- (10) sentencing outcomes of youth cases, such as the percentage that result in incarceration or committed treatment compared to the percentage that result in probation for adult court youth and juvenile court youth;
- (11) the number of youths charged as adults in fiscal 2023, 2024, and 2025 who were subsequently charged as adults within one, two, and three years;
- (12) the number of youths adjudicated delinquent in fiscal 2023, 2024, and 2025 who were subsequently charged as adults within one, two, and three years; and
- (13) the number of youths convicted as an adult in fiscal 2023, 2024, and 2025 who were subsequently charged as adults within one, two, and three years.

The report shall also include data related to youth who were arrested in fiscal 2023, 2024, and 2025 but were not charged by Baltimore City SAO or otherwise the subject of a resulting delinquency proceeding. That data shall include the total number of this type of case in each fiscal year and the number of cases for which each of the following circumstances applied:

- (1) the youth had previously been arrested;
- (2) the youth had previously been convicted as an adult or adjudicated delinquent;
- (3) the youth was subsequently re-arrested within one, two, and three years;
- (4) the youth was the subject of a delinquency proceeding within the subsequent one, two, and three years and a breakdown of outcome or disposition of those delinquency proceedings;
- (5) the youth was the subject of a criminal proceeding with the subsequent one, two, and three years and a breakdown of outcome or disposition of those delinquency proceedings.

To the extent practicable, Baltimore City SAO shall report these measures for each year from fiscal 2023 through 2026. Where comparable statewide data is available, Baltimore City SAO shall analyze its trends to determine if there is anything unique or distinguishing about its practices. If requested information is not available, the report shall explain why the data is unavailable and identify the barriers that exist to the data collection and submission. The report shall be submitted by October 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

#### **D21A01.03 State Aid for Police Protection**

Add the following language to the general fund appropriation:

, provided that the Governor’s Office of Crime Prevention and Policy (GOCPP) may not distribute a law enforcement agency’s share of \$47,132,583 of this appropriation made for the purpose of the State Aid for Police Protection enhancement funding until the law enforcement agency attests to GOCPP that it is in compliance with the Maryland Sexual Assault Kit Initiative Victim Notification Protocol. That attestation shall specify whether the law enforcement agency provides information that is required by the protocol to the Sexual Assault Evidence Kit Funding and Policy Committee of the Office of the Attorney General and the Maryland Coalition Against Sexual Assault Sexual Assault Kit Victim Notification Project or their designee within 15 days of receipt of the information by the law enforcement agency. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

**Explanation:** The fiscal 2027 allowance includes enhanced public safety aid through the State Aid for Police Protection Program (SAPP). This language requires that a portion of enhanced SAPP funding be distributed to law enforcement agencies only after agencies attest that they are in compliance with the Maryland Sexual Assault Kit Initiative Victim Notification Protocol.

### Budget Amendment

#### D21A03.01 Victim Services Unit

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of agency administration may not be expended until the Governor’s Office of Crime Prevention and Policy (GOCPP) submits the Criminal Injuries Compensation Board (CICB) Fiscal 2026 Annual Report to the budget committees. The report shall include information about the agency’s implementation of Chapter 705 of 2024 and indicate whether additional support from the General Fund may be required in fiscal 2027 to ensure a balance in the Criminal Injuries Compensation Fund. GOCPP shall also include a discussion of how it is ensuring alignment between how the number of new claims received, the number of claims paid, and value of claims paid is reported through this report and its fiscal 2028 Managing for Results submission. In addition to reporting the average number of days between the date the CICB received an application and the date of resolution, GOCPP shall also include a discussion of CICB’s ability to achieve time standards set in statute. To support that discussion, GOCPP shall report the percentage of processed claims within 30 days from CICB’s receipt of required documentation to final decision. The report shall be submitted by November 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Explanation:** Chapter 705 of 2024 made alterations to the CICB program within GOCPP, with most provisions taking effect July 1, 2025. The legislation also authorizes the Governor, for fiscal 2026 and each year thereafter, to include in the annual budget bill an appropriation to the Criminal Injuries Compensation Fund (CICF). GOCPP reports similar data through its annual Managing for Results submission. This report will provide the committees with information about fiscal 2026 claims and the CICF balance prior to the 2027 legislative session, as well as the CICB’s ability to meet time standards set in statute.

### **Budget Amendment**

Add the following section:

### **Section XX Crime Victim Compensation Funds**

SECTION XX. AND BE IT FURTHER ENACTED, That \$3,000,000 in federal funds made for the purpose of the Criminal Injuries Compensation Board program is reduced immediately upon passage of this budget from the fiscal 2026 appropriation for program D21A03.01 Victim Services Unit within the Governor's Office of Crime Prevention and Policy.

**D40W01**  
**Department of Planning**

**Budget Amendment**

**D40W01.01            Operations Division**

Add the following language to the general fund appropriation:

, provided that \$250,000 of this appropriation made for the purpose of administration may not be expended until the Department of Planning submits a report to the budget committees on permits that impact the business community, including identifying places where permitting overlaps agencies unnecessarily, a review of the processing time to issue permits, and recommendations for metrics around permitting that should be included in the State’s Managing for Results performance review. The department shall consult with the Maryland Coordinated Permitting Review Council, the Department of Legislative Services, the Maryland Association of Counties, and any other relevant departments or stakeholders in developing the report. The report shall be submitted by September 30, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Explanation:**            This language restricts funds for administrative purposes in the Maryland Department of Planning (MDP) until the department submits a report on permits that impact the business community. The committees request that MDP work in conjunction with the Maryland Coordinated Permitting Review Council, the Department of Legislative Services, the Maryland Association of Counties, and any other relevant departments or stakeholders to develop the report.

**Report on Federal Fund Sources:** Approximately 74% of the fiscal 2027 allowance for the Maryland Department of Emergency Management (MDEM) is supported with federal funds. Given recent changes and reductions in federal fund availability and grant awards, the committees request MDEM to submit a report on the status of various federal fund sources, including preparedness, mitigation, and disaster grants. The report should discuss the timing of receiving federal fund awards and the department's contingency plan to support its operations if federal funds are not made available as anticipated.

In November 2025, MDEM issued a report summarizing how the SLCGP money from federal fiscal 2023 was awarded. The committees request that MDEM submit a report that provides the following information for federal fiscal 2024 and 2025:

- SLCGP grants awarded by jurisdiction and the remaining unallocated balance;
- nonfederal match expenditures by use;
- descriptions of requested projects, requested funding amounts, and actual funding awards;
- a plan for the use of any remaining unallocated funds; and

**Committee Narrative**

**Financial Statements for Insured and Uninsured Divisions:** Annually, the Maryland Automobile Insurance Fund (Maryland Auto) provides end-of-year financial statements, including revenue, expenditure, and surplus figures for the closed-out, preceding year; estimates for the current year beginning at closeout; and projections for the immediate year ahead. Most revenue is derived from premiums in the Insured Division and a mandated appropriation of uninsured motorist fines under Section 17-106 of the Transportation Article for the Uninsured Division. However, both divisions derive revenue from investment dividends, which depend on investment portfolio decisions as well as stock market conditions. Comparisons of estimates to closeout and projections to end-of-year estimates suggest limited ability to forecast financial conditions for the full year. Given ongoing concerns about the financial stability of the agency and surplus levels in both divisions, the committees request updated financial statements for both divisions. The report should include the pro forma income statements for the calendar 2025 actuals and calendar 2026 projections, at the time of submission.

### Budget Amendment

Add the following language to the special fund appropriation:

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

- (1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year;  
or
- (2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Further provided that notification of project additions, as outlined in paragraph (1) above; changes in the scope of a project, as outlined in paragraph (2) above; or moving projects from the development and evaluation program to the construction program shall be made to the General Assembly 45 days prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

## J00

**Explanation:** This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the fiscal 2026 to 2031 Consolidated Transportation Program (CTP) or will increase a total project's cost by more than 10% or \$1 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP with each using the 2026 session CTP as the basis for comparison. In addition, notification is required as needed throughout the budget year if certain changes to projects are made.

Add the following language to the special fund appropriation:

, provided that \$500,000 of this appropriation made for the purpose of administrative expenses within The Secretary's Office may not be expended until the Maryland Department of Transportation and the Maryland Transportation Authority (MDTA) submit a report to the budget committees outlining the processes by which MDTA uses to resolve customer issues related to toll billing and collections. The report should include a discussion of the current processes that MDTA uses to resolve these disputes, including how it communicates with its customers and legislative offices engaging with the department on their behalf during the dispute resolution process to ensure that issues have been satisfactorily addressed. The report should also include a discussion of how these processes and communications can be improved so that customers and legislative offices engaging the department on their behalf remain updated throughout the dispute resolution process and so that resolutions are achieved in a timely manner.

The report shall be submitted on November 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Fund restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted to the budget committees.

## Operating Grants-In-Aid

Add the following language to the special fund appropriation:

, provided that no more than \$7,201,128 of this appropriation may be expended for operating grants in aid, except for:

- (1) any additional special funds necessary to match unanticipated federal fund attainments;  
or
- (2) any proposed increase either to provide funds for a new grantee or to increase funds for an existing grantee.

Further provided that no expenditures in excess of \$7,201,128 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either item (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

**J00A04.01            Debt Service Requirements**

Add the following language to the special fund appropriation:

Provided that Consolidated Transportation Bonds (CTB) may be issued in any amount, provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issuances may not exceed \$3,372,325,000 as of June 30, 2027. The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a CTB or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), exclusive of debt for the Purple Line Light Rail project, may not exceed \$819,205,000 as of June 30, 2027. The total aggregate outstanding and unpaid principal balance on debt for the Purple Line Light Rail project may not exceed \$2,506,531,397 as of June 30, 2027. Provided, however, that in addition to the limits established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of CTB debt or nontraditional debt so long as:

- (1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of CTB debt or nontraditional debt that would be outstanding on June 30, 2027, and the total amount by which the fiscal 2027 debt service payment for all CTB debt or nontraditional debt would increase following the additional issuance; and
  
- (2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and shall signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

## J00A04

**Explanation:** Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding for CTB each year in the budget bill. The level is based on the outstanding debt as of June 30, 2025, plus projected debt to be issued during fiscal 2026 and 2027 in support of MDOT capital program. For nontraditional debt, this language limits the amount of debt outstanding at the end of fiscal 2027, exclusive of debt issued for the Purple Line Light Rail project, to the total amount that was outstanding from all previous nontraditional debt issuances as of December 31, 2025, plus anticipated issuances of \$130 million in new Baltimore/Washington International Thurgood Marshall Airport Passenger Facility Charge Revenue Bonds in July 2026. Debt outstanding for the Purple Line Light Rail project is capped at the projected maximum debt outstanding level that will occur during the construction phase of the project. The language allows MDOT to increase the amount of CTB debt or nontraditional debt outstanding in fiscal 2027 by providing notification to the budget committees regarding the reason that the additional debt is required.

<b>Information Request</b>	<b>Author</b>	<b>Due Date</b>

Add the following language to the special fund appropriation:

The Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts, information on:

- (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and
- (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2026 through 2036.

Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation; debt backed by customer facility charges, passenger facility charges, or other revenues; and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

**Efforts to Support Natural Resources and Outdoor Recreation Industry Apprenticeships:** The final report of the Maryland Outdoor Recreation Economic Commission, created by executive order on October 13, 2017, included the recommendation to enhance outdoor recreation workforce development and job creation opportunities in Maryland. Recommended steps towards this goal included identification of opportunities for outdoor recreation and historic preservation training and degree programs and to promote careers in the outdoor recreation industry in coordination with the Maryland Workforce Expressway. The commission also created the Office of Outdoor Recreation within the Department of Natural Resources (DNR) that continues to promote outdoor recreation in Maryland, including the creation of the Maryland Outdoor Recreation Business Directory. In addition, the Maryland Park Service operates the Maryland Conservation Corps in partnership with the Department of Service and Civic Innovation, and the Natural Resources Police operates the Maryland Natural Resources Police Cadet program. Therefore, the committees request that DNR submit a report detailing agency efforts, including those of the Office of Outdoor Recreation, to support apprenticeship programs within the natural resources and outdoor recreation industry. The report should identify existing natural resource and outdoor recreation apprenticeship programs, noting the positions supported by apprenticeships, as well as barriers to creating new apprenticeships and obstacles to scaling. Additionally, the report should provide details on the number of existing registered apprentices and timeline to scale by natural resources and outdoor recreation occupations; previous data on the number of participants in apprenticeship programs; and actions taken by DNR, or planned actions, to support these programs and offer additional apprenticeship opportunities.

### Budget Amendment

Add the following section:

#### Section 35 Deep Creek Watershed Management Plan Implementation Report Intent

Section 35. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Department of Natural Resources, in collaboration with the Deep Creek Watershed Management Partnership and the Maryland Department of the Environment, produce a report on reactivating the implementation of the Deep Creek Watershed Management Plan initially adopted October 1, 2014, and amended March 7, 2016. Long-term monitoring has documented overall water quality to be generally good, but recent water quality trend analyses indicate areas showing signs of declining water quality and habitat conditions. Addressing these negative trends would sustain Deep Creek Lake and support the local workforce, infrastructure, and economy. The report shall include a review of the current gaps in implementation readiness and evaluate and recommend a prioritized, implementation-ready list of best management practices, credible planning-level cost estimates, and coordinated implementation and financing framework to support informed investments and near-term implementation decisions for the Deep Creek Watershed Management Plan. The report shall be submitted to the Western Maryland delegation by December 1, 2026.

**Explanation:** This action expresses the General Assembly’s intent that the Department of Natural Resources (DNR), in collaboration with the Deep Creek Watershed Management Partnership and the Maryland Department of the Environment (MDE), complete a report on what is needed to reactivate implementation of the Deep Creek Watershed Management Plan initially adopted October 1, 2014, and amended March 7, 2016.

Funds restricted pending the receipt of the confirmatory letter data may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the confirmatory letter is not submitted to the budget committees.

**Explanation:** Chapter 39 of 2022 required the Department of Natural Resources (DNR) to establish the Port of Deposit State Historical Park and required the Bainbridge Development Corporation to transfer a portion of the Bainbridge Naval Training Center site to DNR for the park by June 1, 2023. Subsequently, Chapter 602 of 2023 changed the date by which the Bainbridge Development Corporation must transfer a portion of the Bainbridge Naval Training Center site to DNR for the park – from June 1, 2023, to June 1, 2025. The report shall include details about the steps needed to address Findings 3 and Finding 4 and the actual steps taken to address the findings, including the systems and processes implemented to address the findings and evidence of ongoing use of these systems and processes. The report shall be submitted by July 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Explanation:**                      MDA’s March 2025 audit included two repeat findings going back many years. Finding 3 (product registrations) has been commented upon in 5 preceding audit reports dating back to calendar 2007, and the lack of an independent supervisory review of product registrations has been commented on in 3 preceding audit reports dating back to calendar 2013. Finding 4 (equipment) concerning the lack of accountability and control over equipment has been commented on in 10 preceding audit reports dating back to 1990. This action restricts funding pending the submission of a report, in coordination with the Department of General Services (DGS), certifying that all steps have been taken to address the repeat audit findings.

### Committee Narrative

**Efforts to Support Agricultural Industry Apprenticeships:** The Maryland Department of Agriculture’s (MDA) mission is to provide leadership and support to agriculture and the citizens of Maryland by conducting regulatory, service, and educational activities that ensure consumer confidence, protect the environment, and promote agriculture. The Governor’s Intergovernmental Commission for Agriculture’s 2025 annual report notes the Labor, Education, and Development Subcommittee’s continuing discussion of ways to support the expansion of apprenticeship programs to create a pipeline for students to move into agricultural careers after graduation to support the needs for a broadened agricultural workforce and a more agriculturally educated generation. The subcommittee also recognized the importance of programs such as the Future Farmers of America and 4H and the breadth of agricultural careers, both on-farm and agricultural support careers, and the varied education backgrounds supporting them. These education backgrounds include veterinary medicine, agricultural engineering, agronomy, and conservation. Therefore, the committees request that MDA submit a report detailing agency efforts, including those of the Rural Maryland Council through the Rural Maryland Prosperity Investment Fund, to support apprenticeship programs within the agriculture industry. The report should identify existing agricultural apprenticeship programs, noting the positions supported by apprenticeships, as well as barriers to creating new apprenticeships and obstacles to scaling. Additionally, the report should provide details on the number of existing registered apprentices and timeline to scale by agricultural occupation; previous data on the number participants in apprenticeship programs; and actions taken by MDA, or planned actions, to support these programs and offer additional apprenticeship opportunities.

**Q00A01.01          General Administration**

Add the following language to the general fund appropriation:

Further provided that \$250,000 of this appropriation made for the purpose of general administration may not be expended until the Department of Public Safety and Correctional Services submits a report to the budget committees describing its oversight efforts of the inmate medical and mental health care contract. The report shall include the following:

- (1) a timeline and strategy to achieve and maintain contract staffing levels and ensure that hourly rates paid to the contract's health care professionals are competitive with similar positions across the State;
- (2) reported staffing rates from July 2025 to June 2026;
- (3) an update on whether the department has audited staffing rates and the results of those audits;
- (4) reported pay rates of medical professionals by position type and a comparison to the U.S. Department of Labor index;
- (5) a description of the procedures to guarantee contractors complete medical and mental health examinations within the required timeframes as well as investigate and resolve inmate complaints in a timely manner;
- (6) results of audits regarding whether the contractor adequately responded to medical grievances and complaints made by incarcerated individuals; and
- (7) determinations and outcomes regarding liquidated damages, including the amount charged and collected as of the submission of the report.

The report shall be submitted to the budget committees no later than October 15, 2026. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

## Q00A

**Explanation:** A November 2024 fiscal compliance audit issued by the Office of Legislative Audits contained nine findings related to the Department of Public Safety and Correctional Services (DPSCS) medical and mental health contracts and procurements from April 2018 to December 2023. This language restricts funding pending a report discussing oversight of the medical and mental health care contract with Centurion of Maryland, including discussions of staffing rates, pay rates, and medical grievances.

Add the following language to the general fund appropriation:

Further provided that \$250,000 of this appropriation made for the purpose of general administration may not be expended until the Department of Public Safety and Correctional Services submits a report to the budget committees describing the agency's procurement strategy for completing the Computerized Criminal History (CCH) and Electronic Patient Health Record (EPHR) projects. In addition to providing a strategy to complete the projects, the CCH portion of the plan shall include a project status update, year to date spending in fiscal 2027, an update on the procurement and implementation timeline, and an explanation of the delayed estimated end date. The EPHR portion of the plan shall include a project status update, including an update on compliance with the Duvall v. Moore consent decree, in regard to the legacy and future systems, and an update on the status of onboarding a vendor.

The report shall be submitted to the budget committees no later than November 15, 2026. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

## Q00A

**Explanation:** The CCH major information technology project has experienced multiple delays, largely due to multiple cancellations and reissuances of the request for proposals. The estimated completion date for this project has been pushed back from the initial estimate of fiscal 2022 to 2033. Similarly, EPHR is behind schedule and is estimated to be completed in calendar 2031, five years after the expiration of the Duvall v. Moore decree in June 2026, opening the Department of Public Safety and Correctional Services (DPSCS) up to litigation. This language restricts funding pending a report including status updates and plans to complete both projects.

Add the following language to the general fund appropriation:

, provided that \$200,000 of this appropriation made for the purpose of Administrative Services may not be expended until the Department of Public Safety and Correctional Services submits the second of four quarterly hiring and attrition reports to the budget committees. The reports shall include a breakdown of all hires and separations for each of the three months in question by category of employee (correctional officer, community supervision agent, or administrative employee) and by reason for separation. The report shall also include narrative summarizing all hiring events and changes to the hiring process that occurred during the quarter; the quantity, type, and cost of bonuses disbursed; as well as overall applications received, tested, and interviewed. The first report shall be submitted to the budget committees no later than October 1, 2026, the second report shall be submitted to the budget committees no later than January 1, 2027, the third report shall be submitted to the budget committees no later than April 1, 2027, and the fourth report shall be submitted to the budget committees no later than July 1, 2027. The budget committees shall have 45 days from the date of the receipt of the second quarterly report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

## Q00A

**Explanation:** The number of filled correctional officer positions within the Department of Public Safety and Correctional Services (DPSCS) has decreased over the past year, declining by 17 positions from October 2024 to October 2025. This language restricts funding for administration pending the submission of the second of four quarterly reports on hiring and attrition within DPSCS.

#### Q00A01.10 Administrative Services

Add the following language to the general fund appropriation:

, provided that \$250,000 of this appropriation made for the purpose of overtime earnings may not be expended until the Department of Public Safety and Correctional Services submits a report on a plan to reduce its reliance on the use of overtime. The report scope shall include the entire department. The report shall first include a detailed strategic plan to minimize the need for overtime and eliminate mandatory overtime. The plan shall identify the amount of mandatory overtime use by reason and the number of staff that would need to be hired to satisfy the overtime needs in each category. The plan shall discuss the findings of the 2025 biennial staffing and security report and the ways the department is incorporating the findings of the report into its plan to minimize the use of overtime. The plan shall identify how the department prioritizes overtime for qualified officers with low pay rates to minimize unnecessary expenses. In addition to the strategic plan, the report shall also include:

- (1) a breakdown of total correctional officer (CO) overtime hours worked and expenses paid per facility per pay period from October 1, 2025 to September 30, 2026, including the number of individuals affected and the median number of hours worked per individual; and
- (2) a breakdown of mandatory CO overtime hours worked and expenses paid per facility per pay period from October 1, 2025 to September 30, 2026, including the number of individuals affected and the median number of hours worked per individual.

The report shall be submitted by November 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other

## Q00A

purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Explanation:** Excessive overtime has become a drain on human resources in the department and led to a riskier work environment for State employees, offenders, and volunteers. Overtime has climbed quickly as the Department of Public Safety and Correctional Services (DPSCS) struggles to fill CO positions. Overworked COs are less equipped to address safety issues, and assaults have increased alongside overtime in correctional and detention facilities. This language restricts overtime funding for DPSCS Administrative Services until a report is submitted detailing overtime trends, efforts to reduce overtime, and a plan to eliminate mandatory overtime use.

#### **Q00N00.01          General Administration**

Add the following language to the General Funds appropriation:

, provided that \$100,000 of this appropriation made for the purpose of general administration within the Maryland Commission on Correctional Standards may not be expended until the Department of Public Safety and Correctional Services submits a report to the budget committees describing the agency's oversight of private home detention monitoring companies. The report shall include data on private home detention monitoring agency performance and compliance from fiscal 2021 to 2026, including the number and category of violations identified, timeliness of required notifications, disciplinary and enforcement actions, and repeat violations by provider. The report shall be submitted to the budget committees no later than September 15, 2026. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

## Q00A

**Explanation:** Private home detention monitoring agencies (PHDMA) provide monitoring services to defendants as a condition of their pretrial release. The Maryland Commission on Correctional Standards (MCCS) is responsible for auditing PHDMAs to determine the level of compliance with required standards and oversee their licensing process. This language restricts funds for general administration until the Department of Public Safety and Correctional Services (DPSCS) submits a report on the use and oversight of the private monitoring services.

The program remains in the pilot phase, and more work is needed to be done by the Department of Public Safety and Correctional Services (DPSCS) so that all returning citizens will have access to this service moving forward. The committees request that DPSCS submit a report by October 15, 2026, on the Reentry Passport Program rollout. The report should document the progress of expanding the program and future plans to fully implement the program, including:

- the number of reentry passport accounts that have been created by fiscal year;
- the number of individuals who have gained access to their Reentry Passport account by fiscal year;
- the list of functional passport functions;
- the list of nonfunctional/upcoming passport functions;
- the timeline by which all returning citizens will be able to access the passport;
- historic levels of returning citizens monthly;
- update on the rollout of the passport program to Division of Parole and Probation agents and supervisors;
- the role of community partners to assist in the rollout of the program, including the Cash Campaign of Maryland;
- challenges to full rollout; and
- the potential impact on recidivism.

**Treatment of Transgender Individuals:** Transgender incarcerated individuals are subject to high rates of violence, sexual abuse, and inappropriate housing assignments, such as unwarranted restrictive housing. The committees request that the Department of Public Safety and Correctional Services (DPSCS) submit a report, in collaboration with experts, technical assistants, and transgender stakeholders, on the treatment of transgender individuals in correctional facilities. The report should be provided by October 1, 2026. The report should also contain data for fiscal 2023 through 2026 on the following items:

- annual total of transgender individuals in each of the agency’s correctional facilities and pretrial detention centers by gender identity;
- annual totals of transgender individuals in each DPSCS correctional facility by housing placement category, including administrative segregation, disciplinary segregation, mental health unit, medical unit, dormitory, double cell, single cell, and all other housing placement categories, disaggregated by the gender of the housing placement and by the gender identity of the transgender individual;
- the number and share of transgender individuals placed in restrictive housing, disaggregated by reason for placement and compared to the cisgender population;
- annual average and median length of time transgender individuals spent in restrictive housing overall and disaggregated by reason for placement into restrictive housing compared to their cisgender peers for each DPSCS correctional facility;
- annual number of requests by transgender individuals to transfer housing assignments, disaggregated by type of housing transfer request (including but not limited to transfer to a different gendered unit or facility, transfer into or out of a medical or mental health unit or facility, or transfer into or out of restrictive confinement) and the outcomes of those requests;
- annual number of housing placement assessments for transgender individuals pursuant to DPSCS Executive Directive OPS.131.0001;

## Q00B

- annual number of requests by transgender individuals to receive gender-affirming care and the outcomes of those requests disaggregated by type of medical care;
- annual number of requests by individuals identified as vulnerable under Prison Rape Elimination Act (PREA) Standard 115.41 and by transgender individuals for privacy in showers, bathrooms, and while changing clothing, and the outcomes of those requests;
- annual number of PREA complaints filed and investigated and the outcome for complaints made by transgender individuals compared to cisgender peers;
- annual number of complaints received, number of complaints that were investigated, and outcomes of each complaint for each correctional facility regarding violence, sexual abuse, harassment, discrimination against transgender individuals, other abuse, access to gender-affirming health care, and access to gendered commissary items;
- the number and dollar amount of settlements paid to transgender individuals during each fiscal year from fiscal 2023 to 2026;
- all policies regarding transgender individuals and/or gender dysphoria, including but not limited to intake procedures, identification of transgender individuals, provision of gender-affirming health care, housing assignment, safety from violence and sexual abuse, and access to gendered commissary items;
- a plan to issue guidelines that, at a minimum, are the equivalent of PREA Standard 115.42; and
- an analysis of whether the above DPSCS policies are being implemented and followed at each correctional facility and an analysis of the education and training that DPSCS staff receive regarding LGBTQ+ individuals, along with a discussion of any obstacles to implementation and compliance.

### Q00S02.03 Maryland Correctional Institution for Women

#### Committee Narrative

**Women's Prerelease Programming:** The Department of Public Safety and Correctional Services (DPSCS) was required by the Correctional Services Article §§ 3-301 through 3-305 to operate a comprehensive rehabilitative prerelease unit for women by November 1, 2023. The committees note that DPSCS has been consistently delayed in meeting the statutory requirement to build a new, standalone, prerelease facility. While design for the new facility has been delayed, DPSCS is still required to provide evidence-based and gender-responsive services to incarcerated women in its custody and has reportedly begun to do so. However, the amount of information on the new programming is limited, and the committees seek further details into the department's plans to comply with the comprehensive and gender-responsive programming requirements of the statute. The committees ask that DPSCS provide a report on the following information on the women's prerelease unit at the Maryland Correctional Institution for Women no later than August 1, 2026:

- an overview of the current prerelease program for women;
- goals and objectives;
- curriculum and activities, including particular attention to work release and job-related services;
- eligibility requirements;
- the number of applicants, individuals approved, individuals denied, current population, and average daily population for each month in fiscal 2026 in Project FRESH and any other prerelease programming for women;
- resources dedicated to the program, including staff, funding, and facility space;
- a plan to measure program effectiveness, including any outcomes or performance data that will be measured and reported;
- a summary of participant satisfaction and feedback on the program;
- an evaluation of the inclusivity and accessibility of the program for women with various backgrounds and needs;

**Q00C01.01            General Administration and Hearings**

Add the following language:

, provided that \$100,000 of this appropriation made for the purpose of general administration in the Maryland Parole Commission (MPC) may not be expended until the Department of Public Safety and Correctional Services (DPSCS) submits a report to the budget committees providing data on geriatric and medical parole, including information on the transition of individuals granted parole into the community. The report shall include the following annual data on geriatric and medical parole shown separately for fiscal 2024 to 2026:

- (1) number of eligible individuals;
- (2) number of screened individuals;
- (3) number of individuals granted parole;
- (4) number of individuals denied, including a breakdown of the reasons for denial; and
- (5) number of individuals whose cases are pending at the end of the fiscal year.

The report shall also provide the number of risk assessments MPC conducted from fiscal 2024 to 2026 related to its consideration of geriatric and medical parole, as outlined in Chapter 102 of 2025. The report shall provide information on DPSCS's efforts to assist individuals granted medical or geriatric parole in transitioning into the community. This information shall include the department's efforts to collaborate with nursing homes and community resources to support individuals' transition into the community.

The report shall be submitted by November 15, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Status of Parole and Probation Agents Safety Efforts:** The Department of Public Safety and Correctional Services (DPSCS) is in the process of implementing safety measures for its parole and probation agents. The committees request that, by October 1, 2026, DPSCS submit a report detailing the status of providing parole and probation agents with body-worn cameras, multi-threat vests, and the implementation efforts of any other protective equipment provided to agents. The report should include details on training requirements and completion rates, implementation timelines of the new equipment, total and ongoing costs, the status of any pilot programs, and the regions in which those programs have been deployed or are planned. Caseload ratios overall are decreasing but remain high in the capital region. The committees request a report due by September 15, 2026, from DPP on the following:

- the exact breakdown of support staff and general supervision caseloads by office into DPP supervision levels for fiscal 2026;
- the exact breakdown of case closures by reason, region, and office; and

This issue is of particular concern with regard to maintaining proper caseloads for agents as well as providing agents with a reliable framework for addressing the individual needs of each offender. The committees request that DPP submit a report, due September 1, 2026, on the transition to new screening tools used in community supervision. The report should include a status update of implementation of the new tool and a transition timeline on when the project will be complete.

DPSCS signed a seven-year contract with the U.S. Marshals Service (USMS) to continue operating the facility. The committees request that DPSCS submit a report detailing the structure and financial terms of the new contract with USMS. The report should be provided by August 15, 2026. Additionally, the report should explain the methodology used to calculate the monthly federal payment, including underlying assumptions and the cost escalation incorporated in the agreement. The report should also discuss how the contract’s inflation compares with the historic rate of growth in operating costs to operate the facility. The report should outline the actions that DPSCS plans to take to reduce the reliance on State funds to support CDF operations and provide its projected operating costs of CDF for each year through fiscal 2032.

**Q00T04.09**      **General Administration**

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of general administration may not be expended until the Department of Public Safety and Correctional Services submits a report to the budget committees on compliance with the Duvall v. Moore decree. The report shall include:

- (1) an update on the compliance status of each of the provisions in the Duvall v. Moore consent decree;
- (2) a status update on whether the department achieved full compliance by the June 2026 deadline, including identifying any provisions found to be out of compliance and the corrective actions taken or underway;

## Q00T04

- (3) an update on any extensions granted or requested following the June 2026 deadline, including revised compliance timelines, and any court-ordered or negotiated next steps;
- (4) the status of any motions to terminate provisions of the consent decree and updates on any other motions filed; and
- (5) a summary of any costs associated with the compliance process.

The report shall be submitted by July 1, 2026, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

**Explanation:** The deadline to comply with the medical and mental health provisions in the Duvall v. Moore decree has been extended to June 2026. As of August 2025, the Department of Public Safety and Correctional Services (DPSCS) is noncompliant and partially compliant with several of the provisions of the consent decree. The department may face litigation regarding the conditions of pretrial detention if it fails to reach full compliance by the deadline. **Energy Use Intensity Costs and Alternatives Reporting for Building Energy Performance Standards:** The General Assembly restricted funding in the Maryland Department of the Environment’s (MDE) fiscal 2024 operating budget pending the submission of a report on energy use intensity costs and alternatives to energy use intensity for meeting greenhouse gas emission targets. MDE could not submit this information during fiscal 2025 because it will not receive the underlying data that needs to be analyzed until June 30, 2026. Therefore, the budget committees request that MDE submit by December 1, 2026, a report on energy use intensity costs and alternatives to energy use intensity for meeting greenhouse gas emission targets, which shall include:

- an assessment of the energy use intensity requirement compliance cost to owners of covered buildings;
- a recommendation for an alternative compliance fee for energy use intensity on building owners, after taking into account any financial incentives offered to the covered building owners;
- an evaluation of mechanisms other than energy use intensity to meet greenhouse gas emission targets; and
- an economic feasibility study of meeting energy use intensity standards, which shall consider factors including, but not limited to, building age, technological limitations, and limits of building resources and include recommendations addressing covered buildings and underresourced buildings that, after considering all possible incentives, including avoided penalties and fees, would still result in building noncompliance with greenhouse gas emission regulations and targets.

**Committee Narrative**

**Maryland Environmental Service (MES) Funding Statement:** The committees request that MES continue to provide a report on the following:

- undesignated, unrestricted net assets for fiscal 2026, 2027, and 2028 estimated and an explanation for any changes between each of these years, including revenues credited to and expenditures debited from the net assets;
- overhead rates for fiscal 2026, 2027, and 2028 estimated;
- project reserve fund status by beginning balance, approved retainage, funds withdrawn, and interest earned for fiscal 2026 and 2027 for the State Reimbursable Project Contingency Fund, the Eastern Correctional Institution Steam Turbine Contingency Fund, the Department of Natural Resources Project Contingency Fund, and any other project reserve funds created by MES, including the justification for any approved retainages or funds withdrawn in any project reserve fund during fiscal 2026 or 2027; and
- justification for the changes in reimbursable projected funding for fiscal 2026, 2027, or 2028 estimated.

The report should be submitted in coordination with the Department of Budget and Management (DBM) with the fiscal 2028 budget submission.

**Committee Narrative**

**Report on the Substance Abuse Program:** The fiscal 2026 budget as introduced included \$3.0 million in general funds for the Department of Juvenile Services (DJS) to open the Catoctin Treatment Center as a substance abuse facility for youth. Language added to the fiscal 2026 Budget Bill specified that the \$3.0 million provided for the purpose of opening the Catoctin Treatment Center may not be expended for that purpose but instead may be used only to reopen the Alfred D. Noyes Children’s Center (Noyes) as an adolescent drug treatment center that serves as a treatment alternative to detention and commitment. In coordination with the Maryland Department of Health (MDH) and the Department of Human Services, DJS plans to relocate to Noyes the Facility For Children that is currently located at a neighboring facility owned by MDH. DJS would then open a substance use program at the MDH facility. DJS also plans to provide educational services on the Noyes campus with Juvenile Services Education Program staff. The budget committees request that DJS submit a report that contains the following information:

- a description of its role and responsibilities at each facility;
- an estimated or actual date for which DJS and MDH will begin their facility swap;
- an estimated or actual date for which juvenile justice involved youth will begin receiving care through the substance abuse program;
- a description of the care that youth will receive through each provider;
- a status update on the hiring of educational staff who will work at Noyes; and
- a list of estimated expenses associated with the programs in fiscal 2026 and 2027.

**Committee Narrative**

**Quarterly Reports on Personnel Measures:** The Department of State Police (DSP) has maintained a high monthly vacancy rate for its regular positions in recent fiscal years. Additionally, in July 2022, the U.S. Department of Justice announced that it would be investigating DSP to determine if the department’s hiring and promotional practices had violated Title VII of the Civil Rights Act of 1964. A consent decree was filed in October 2024 and provisionally approved in the U.S. District Court for the District of Maryland in November 2024. The Board of Public Works approved the department’s use of \$2.75 million in general funds for required monetary awards in October 2024, and in January 2025, approved the use of \$357,500 in general funds to procure two entry-level selection tests to replace the existing written and physical fitness tests, both related to the provisional consent decree. In February 2025, the federal government filed to dismiss the case without a stated reason and without instruction for how DSP was to proceed. The committees request that DSP submit quarterly reports on its personnel measures, and where applicable, provide information separately for both sworn and civilian positions and for each month of the quarter. The quarterly reports should include the following:

- recent recruitment activities and recent employee retention activities; and
- the total number of authorized positions, the total number of filled positions, the number of open positions for which the department is actively hiring, the number of job applications received, the number of positions hired, the number of separations, the attrition rate, and the number of employees eligible to retire.

In addition, in each quarterly report, DSP should provide updates on the department’s activities related to the consent decree and progress made on distributing funds to former applicants through a claims administrator. In the first quarterly report, DSP should submit a plan for decreasing its vacancy rate in fiscal 2027.

### Committee Narrative

**Report on Registered Apprenticeship Opportunities:** As a full-service law enforcement agency, the Department of State Police (DSP) workforce includes a complement of sworn and civilian personnel with a wide range of job responsibilities. Among its sworn personnel, DSP estimates that the vacancy rate was 11.6% in calendar 2025. The department fills its sworn vacancies by hiring trooper candidates following their graduation from the Maryland State Police Trooper Academy. Typically, individuals must be at least 21 years old upon their graduation from the 26-week academy. DSP also operates a cadet program for individuals between 18 and 21 as a way of promoting a career in law enforcement and attracting additional candidates for its academics. The committees request that DSP submit a report describing opportunities for registered apprenticeship programs for its sworn workforce as well as what apprenticeship models the department is aware of within the law enforcement sector. To develop the report, DSP should consult with any exclusive bargaining representatives of the employees, the Department of Budget and Management, and the Maryland Department of Labor. The report should include the following:

- a review of registered apprenticeship programs for the law enforcement sector in other states;
- any barriers to implementation for apprenticeship programs within the DSP workforce;
- the resources needed to support one or more registered apprenticeship programs within DSP; and
- the benefits of registered apprenticeship programs and expected impact on DSP staffing levels.

### Committee Narrative

**Report on Workforce Diversity Strategies:** The Department of State Police (DSP) is the fifth largest employer within the Executive Branch, and one of its goals, as reported through the Managing for Results process, is to develop an efficient and effective workforce. An objective related to this goal is to increase actions focused on workforce diversity, equity, and inclusion. The committees request that DSP submit a report identifying any new strategies or initiatives that the department has engaged in to support diversity within its sworn and civilian personnel as well as within applicants to the department. Strategies and initiatives that support equity and inclusion should also be reported. The committees further request that a demographic breakdown of the department's civilian and sworn employees be provided for each division for the three most recent calendar years and that this breakdown provide information specific to gender and race.

### Budget Amendment

Add the following section:

#### Section 31 Uniform Crime Report

SECTION 31. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation within the Department of State Police (DSP) may not be expended until DSP submits the Crime in Maryland, 2025 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that, if DSP encounters difficulty obtaining, or validating the accuracy of the necessary crime data by November 1, 2026, from local jurisdictions who provide the data for inclusion in the UCR, DSP shall notify the Governor's Office of Crime Prevention and Policy (GOCPP). From each jurisdiction's third quarterly State Aid for Police Protection (SAPP) disbursement, the office shall withhold a portion, totaling at least 15% but no more than 50%, of that jurisdiction's SAPP grant for fiscal 2027 upon receipt of notification from DSP. GOCPP shall withhold SAPP funds until such a time that the jurisdiction submits its crime data to DSP, and DSP verifies the accuracy of the data. DSP and GOCPP shall submit a report to the budget

committees indicating any jurisdiction from which crime data was not received by November 1, 2026, and the amount of SAPP funding from each jurisdiction.

**Explanation:** This annual language withholds a portion of the general fund appropriation until the budget committees receive the 2025 UCR. The language also specifies that GOCPP, upon receipt of notification from DSP, must withhold a portion of a delinquent jurisdiction's SAPP grant until certain crime data is received by DSP. Finally, DSP and GOCPP must submit a report to the budget committees that includes information on any jurisdiction that did not report crime data by November 1, 2026, and the amount of SAPP funding that is withheld from each jurisdiction.
