

Capital Grant Post-authorization Award Notice

Legislative Bond Initiatives funded during the 2026 legislative session have been funded through either the fiscal 2027 Budget Bill ([2026 Regular Session – Senate Bill 282](#)) or the Maryland Consolidated Capital Bond Loan of 2026 ([2026 Regular Session – Senate Bill 283](#)). Additional projects are also funded through the Prior Authorizations of State Debt – Alterations Bill of 2026 ([2026 Regular Session – Senate Bill 1007](#)). A list of all funded projects can be found [here](#). (Prior authorization awards will be referenced as “Recycled GO Bond” funding.)

Upon opening one of these PDF bill documents, you may find a particular project grant by using the search icon in your browser or Ctrl+F. Please note that some projects received grants from more than one source. (Please also note that projects listed in Sections 13 through 15 of Senate Bill 283 are preauthorizations and are not funded grant awards until authorized by an Act of the General Assembly in a future legislative session.)

Capital Grants Process

Grantees may begin the grant intake process upon final authorization from the Maryland General Assembly and signature by the Governor. Funding through the operating and capital budget bills does not take effect until June 1, 2026.

The Department of General Services (DGS) administers the post-authorization process for most State capital grants and is the grant process point of contact. To proceed with the grant intake, you will be required by DGS to create an account in the Maryland DGS Grants Management System self-service portal. You will find [here](#) an overview of the steps involved in the process. DGS has created a short video illustrating how to [create an account on the DGS Grants Management System](#).

If you have questions regarding the process or concerns, DGS has also created a short video illustrating [how to submit a General Inquiry on the DGS Grants Management System](#).
