39            (4)      An annual tax is imposed on all assessable property in the State in rate and

1 amount sufficient to pay the principal of and interest on the bonds, as and when due and  
 2 until paid in full. The principal shall be discharged within 15 years after the date of issue  
 3 of the bonds.

4 (5) (a) Prior to the payment of any matching grant funds under the provisions  
 5 of Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide and expend  
 6 matching funds as specified. No part of a grantee's matching fund may be provided, either  
 7 directly or indirectly, from funds of the State, whether appropriated or unappropriated.  
 8 Except as otherwise provided, no part of the fund may consist of real property, in kind  
 9 contributions, or funds expended prior to the effective date of this Act. In case of any dispute  
 10 as to what money or assets may qualify as matching funds, the Board of Public Works shall  
 11 determine the matter, and the Board's decision is final. ~~Grantees have until June 1, 2028,~~  
 12 ~~to present evidence satisfactory to the Board of Public Works that the matching fund will~~  
 13 ~~be provided. If satisfactory evidence is presented, the Board shall certify this fact to the~~  
 14 ~~State Treasurer and the proceeds of the loan shall be expended for the purposes provided in~~  
 15 ~~this Act. If this evidence is not presented by June 1, 2028, the proceeds of the loan shall be~~  
 16 ~~applied to the purposes authorized in § 8-129 of the State Finance and Procurement Article.~~

17 (b) It is further provided that when an equal and matching fund is specified  
 18 in Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide a matching fund  
 19 equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the  
 20 matching fund certified by the Board of Public Works. If satisfactory evidence is presented,  
 21 the Board shall certify this fact and the amount of the matching fund to the State Treasurer  
 22 and the proceeds of the loan equal to the amount of the matching fund shall be expended for  
 23 the purposes provided in this Act. ~~If this evidence is not presented by June 1, 2028, the~~  
 24 ~~proceeds of the loan shall be applied to the purposes authorized in § 8-129 of the State~~  
 25 ~~Finance and Procurement Article. The proceeds of any amount of the loan in excess of the~~  
 26 ~~matching fund certified by the Board of Public Works shall also be applied to the purposes~~  
 27 ~~authorized in § 8-129 of the State Finance and Procurement Article.~~

28 (6) (a) Prior to approval by the Board of Public Works of an expenditure of bond  
 29 proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee  
 30 shall grant and convey to the Maryland Historical Trust a historic preservation easement  
 31 on the property where the capital project assisted by the bond proceeds is located if the  
 32 Director of the Trust determines that the capital project impacts real property that is  
 33 individually listed in, or eligible for individual listing in, the Maryland Register of Historic  
 34 Properties, unless the Director of the Trust also determines that the real property:

35 (i) Is a type that is already adequately represented among the  
 36 Trust's existing easement properties;

37 (ii) Is already subject to adequate protections of historic preservation  
 38 law or instrument; or

39 (iii) Has conditions peculiar to it that make requiring an easement  
 40 impractical.

1 (b) If the grantee holds a lease on the property, the Trust may accept an  
2 easement on the leasehold interest.

3 (c) The easement must be in form, substance, and duration acceptable to  
4 the Director of the Trust.

5 (d) (i) A recipient may administratively appeal to the Maryland  
6 Historical Trust Board of Trustees a determination made by the Director of the Trust under  
7 subparagraph (a) of this paragraph.

8 (ii) The decision made by the Maryland Historical Trust Board of  
9 Trustees on an appeal is final and is not subject to further administrative appeal or judicial  
10 review.

11 (7) ~~The~~ *Except as provided in § 8-128(c) of the State Finance and Procurement*  
12 *Article, the* proceeds of the loan must be expended or encumbered by the Board of Public  
13 Works for the purposes provided in this Act no later than June 1, 2033. If any funds  
14 authorized by this Act remain unexpended or unencumbered after June 1, 2033, the amount  
15 of the unexpended or unencumbered authorization shall be canceled and be of no further  
16 force and effect.

17 (8) Multiple grants provided to the same organization in this Section are in  
18 addition to one another. Unless otherwise provided, any matching fund requirements apply  
19 to each individual grant.

20 (9) (a) Subject to subparagraph (b) of this paragraph, the Board of Public  
21 Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 of this Act  
22 or in any other previously enacted Maryland Consolidated Capital Bond Loan Act,  
23 notwithstanding differences in:

24 (i) The name of the grantee or the description of the project, provided  
25 that the proposed use of funds is consistent with the public purpose of the original  
26 appropriation; or

27 (ii) The location of the project.

28 (b) When the difference in the name of the grantee is nonsubstantive and  
29 the identity of the grantee can be determined, and when the difference in the description of  
30 the project is nonsubstantive and is consistent with the public purpose of the original  
31 appropriation, the Department of General Services shall record the correct grantee  
32 identification and project description in the grant agreement entered into by the grantee  
33 with the State of Maryland and recorded with the Board of Public Works. In all other  
34 instances of differences provided in subparagraph (a) of this paragraph, the Department of  
35 Budget and Management shall notify the Office of Policy Analysis within the Department  
36 of Legislative Services in writing of:

37 (i) The differences between an appropriation in Section 1(3) Items

1 ZA00 through ZB02 of this Act and the proposed use of the funds; and

2 (ii) The justification that the proposed use of the funds is consistent  
3 with the public purpose of the appropriation.

4 (c) (i) The Office of Policy Analysis shall have 45 days to review and  
5 comment on the proposed use of the funds.

6 (ii) If the Office of Policy Analysis does not submit written objections  
7 within 45 days, the Department of Budget and Management shall provide certification in  
8 writing to the Board of Public Works that the proposed use of funds may be approved  
9 notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00  
10 through ZB02 of this Act.

11 (d) It is the intent of the General Assembly that the provisions of this  
12 paragraph:

13 (i) Provide an administrative process authorizing the approval of  
14 grants by the Board of Public Works, provided that the proposed use of funds is consistent  
15 with the public purpose of the original appropriation; and

16 (ii) Be applicable to this Act and all prior Maryland Consolidated  
17 Capital Bond Loans.

18 (10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the  
19 principal amount of any loan authorized under this Act shall be reduced by the cash  
20 proceeds, excluding any accrued interest, received for the State bonds and allocated by the  
21 Comptroller to the loan.

22 (11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement  
23 Article, the State Treasurer shall determine the amount of premium from the sale of bonds  
24 in fiscal ~~year~~ years 2026 and 2027 to be transferred to the Annuity Bond Fund. Upon each  
25 issuance of State bonds in fiscal ~~year~~ years 2026 and 2027, the Treasurer shall notify the  
26 Comptroller of the Treasurer's determination and the Comptroller shall credit the premium  
27 accordingly. Premium from the sale of bonds in fiscal ~~year~~ years 2026 and 2027 that is not  
28 transferred to the Annuity Bond Fund may, upon approval of the Board of Public Works, be  
29 expended by the Comptroller for any of the public purposes set forth in Section 1(3) of this  
30 Act, including any applicable architects' and engineers' fees.

31 Section 1(11)

32 Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement  
33 Article, the State Treasurer shall determine the amount of premium from the sale of bonds  
34 in fiscal years 2024 [and], 2025, AND 2026 to be transferred to the Annuity Bond Fund.  
35 Upon each issuance of State bonds in fiscal years 2024 [and], 2025, AND 2026, the  
36 Treasurer shall notify the Comptroller of the Treasurer’s determination and the  
37 Comptroller shall credit the premium accordingly. Premium from the sale of bonds in fiscal

1 years 2024 [and], 2025, AND 2026 that is not transferred to the Annuity Bond Fund may,  
2 upon approval of the Board of Public Works, be expended by the Comptroller for any of the  
3 public purposes set forth in Section 1(3) of this Act, including any applicable architects' and  
4 engineers' fees.

5 SECTION 3. AND BE IT FURTHER ENACTED, That the General Assembly  
6 declares that it is the public policy of this State to manage State general obligation bond  
7 debt in a manner that will maintain Maryland's high quality credit rating. The General  
8 Assembly further declares that legislative oversight, control, and review of all forms of  
9 State obligations are essential to maintenance of the State's existing bond rating and  
10 protection of the fiscal integrity of the State.

11 SECTION 4. AND BE IT FURTHER ENACTED, That, before work may commence  
12 pursuant to any supplement to any appropriation contained in this Act, satisfactory  
13 evidence must be given to the Board of Public Works that the project can be completed with  
14 the aggregate of the funds in this Act and previously appropriated for the stated purpose.

15 SECTION 5. AND BE IT FURTHER ENACTED, That:

16 (1) with the approval of the Department of Budget and Management, any  
17 appropriation for design provided in this Act may be used to fund construction if the amount  
18 of the appropriation exceeds the amount required for design expenses, including allowances  
19 for contingencies; and

20 (2) with the approval of the Department of Budget and Management, any  
21 appropriation for construction provided in this Act may be used to purchase capital  
22 equipment if the amount of the appropriation exceeds the amount required for construction  
23 expenses, including allowances for contingencies.

24 SECTION 6. AND BE IT FURTHER ENACTED, That, except as otherwise provided  
25 in this Act, before a State agency or institution named in this Act as responsible for an  
26 individual item may begin work with funds appropriated by this Act, the agency or  
27 institution shall provide satisfactory evidence to the Board of Public Works that the work  
28 described in the individual item can be completed with the funds specified for that item.

29 SECTION 7. AND BE IT FURTHER ENACTED, That, with the approval of the  
30 Department of Budget and Management, any appropriation under the provisions of this  
31 Act that is in excess of the amount needed for a project may be credited to the Construction  
32 Contingency Fund under § 3-609 of the State Finance and Procurement Article.  
33 Notwithstanding the fund balance restriction set forth in § 3-609(c) of the State Finance  
34 and Procurement Article, any funds credited to the Fund may cause the total balance in  
35 the Fund to exceed 1.25% of the capital debt affordability limit as determined under Title  
36 8 of the State Finance and Procurement Article, in fiscal year 2027.

37 SECTION 8. AND BE IT FURTHER ENACTED, That, if federal funds are available  
38 to help accomplish any project identified in this Act, the State agency or institution  
39 responsible for the project shall make efforts through proper administrative procedures to

1 obtain these federal funds. Before spending any funds appropriated by this Act, the agency  
 2 or institution shall certify its efforts to the Board of Public Works and state the reason for  
 3 any failure to obtain federal funds. If federal funds are obtained, they shall be used to defray  
 4 the costs of the project described in this Act and not to expand its scope.

5 SECTION 9. AND BE IT FURTHER ENACTED, That:

6 (1) for any appropriation for the planning of a State-owned project provided in  
 7 this Act, if a program required by § 3–602(d) of the State Finance and Procurement Article  
 8 has not been submitted, the State agency or institution responsible for the project shall  
 9 submit a program to the Department of Budget and Management for approval before funds  
 10 may be expended from the appropriation; and

11 (2) for any appropriation for the construction of a State-owned project provided  
 12 in this Act, if preliminary plans and outline specifications required by § 3–602(f)(2)(i) of the  
 13 State Finance and Procurement Article have not been prepared, the State agency or  
 14 institution responsible for the project shall submit preliminary plans and outline  
 15 specifications to the Department of Budget and Management for approval before funds may  
 16 be expended from the appropriation.

17 SECTION 10. AND BE IT FURTHER ENACTED, That no portion of the proceeds of  
 18 a loan or any of the matching funds provided for a project funded under this Act may be  
 19 used for the furtherance of an essentially religious endeavor. Upon the request of the Board  
 20 of Public Works, a recipient of the proceeds of a loan under this Act shall submit evidence  
 21 satisfactory to the Board that none of the proceeds of the loan or any matching funds have  
 22 been or are being used for a purpose prohibited by this Act.

23 SECTION 11. AND BE IT FURTHER ENACTED, That the Comptroller may  
 24 advance funds to any loan funds account established pursuant to a general obligation bond  
 25 loan enabling Act for any expenditure authorized by that Act, provided that if general  
 26 obligation bonds have not been issued under the authority of that Act, the next ensuing  
 27 sale of general obligation bonds shall include the issuance of bonds under the authority of  
 28 that Act in an amount at least equivalent to the amount of the funds so advanced.

29 SECTION 12. AND BE IT FURTHER ENACTED, That Section(s) 13, 14, 15, and 16
