4 be provided. If satisfactory evidence is presented, the Board shall certify this fact to the
5 State Treasurer and the proceeds of the loan shall be expended for the purposes provided in
6 this Act. If this evidence is not presented by June 1, 2028, the proceeds of the loan shall be
7 applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

8 (b) It is further provided that when an equal and matching fund is specified
9 in Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide a matching fund
10 equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the
11 matching fund certified by the Board of Public Works. If satisfactory evidence is presented,
12 the Board shall certify this fact and the amount of the matching fund to the State Treasurer
13 and the proceeds of the loan equal to the amount of the matching fund shall be expended for
14 the purposes provided in this Act. If this evidence is not presented by June 1, 2028, the
15 proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State
16 Finance and Procurement Article. The proceeds of any amount of the loan in excess of the
17 matching fund certified by the Board of Public Works shall also be applied to the purposes
18 authorized in § 8–129 of the State Finance and Procurement Article.

19 (6) (a) Prior to approval by the Board of Public Works of an expenditure of bond
20 proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee
21 shall grant and convey to the Maryland Historical Trust a historic preservation easement
22 on the property where the capital project assisted by the bond proceeds is located if the
23 Director of the Trust determines that the capital project impacts real property that is
24 individually listed in, or eligible for individual listing in, the Maryland Register of Historic
25 Properties, unless the Director of the Trust also determines that the real property:

26 (i) Is a type that is already adequately represented among the
27 Trust's existing easement properties;

28 (ii) Is already subject to adequate protections of historic preservation
29 law or instrument; or

30 (iii) Has conditions peculiar to it that make requiring an easement
31 impractical.

32 (b) If the grantee holds a lease on the property, the Trust may accept an
33 easement on the leasehold interest.

34 (c) The easement must be in form, substance, and duration acceptable to
35 the Director of the Trust.

36 (d) (i) A recipient may administratively appeal to the Maryland
37 Historical Trust Board of Trustees a determination made by the Director of the Trust under
38 subparagraph (a) of this paragraph.

1 (ii) The decision made by the Maryland Historical Trust Board of
2 Trustees on an appeal is final and is not subject to further administrative appeal or judicial
3 review.

4 (7) The proceeds of the loan must be expended or encumbered by the Board of
5 Public Works for the purposes provided in this Act no later than June 1, 2033. If any funds
6 authorized by this Act remain unexpended or unencumbered after June 1, 2033, the amount
7 of the unexpended or unencumbered authorization shall be canceled and be of no further
8 force and effect.

9 (8) Multiple grants provided to the same organization in this Section are in
10 addition to one another. Unless otherwise provided, any matching fund requirements apply
11 to each individual grant.

12 (9) (a) Subject to subparagraph (b) of this paragraph, the Board of Public
13 Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 of this Act
14 or in any other previously enacted Maryland Consolidated Capital Bond Loan Act,
15 notwithstanding differences in:

16 (i) The name of the grantee or the description of the project, provided
17 that the proposed use of funds is consistent with the public purpose of the original
18 appropriation; or

19 (ii) The location of the project.

20 (b) When the difference in the name of the grantee is nonsubstantive and
21 the identity of the grantee can be determined, and when the difference in the description of
22 the project is nonsubstantive and is consistent with the public purpose of the original
23 appropriation, the Department of General Services shall record the correct grantee
24 identification and project description in the grant agreement entered into by the grantee
25 with the State of Maryland and recorded with the Board of Public Works. In all other
26 instances of differences provided in subparagraph (a) of this paragraph, the Department of
27 Budget and Management shall notify the Office of Policy Analysis within the Department
28 of Legislative Services in writing of:

29 (i) The differences between an appropriation in Section 1(3) Items
30 ZA00 through ZB02 of this Act and the proposed use of the funds; and

31 (ii) The justification that the proposed use of the funds is consistent
32 with the public purpose of the appropriation.

33 (c) (i) The Office of Policy Analysis shall have 45 days to review and
34 comment on the proposed use of the funds.

35 (ii) If the Office of Policy Analysis does not submit written objections
36 within 45 days, the Department of Budget and Management shall provide certification in
37 writing to the Board of Public Works that the proposed use of funds may be approved

1 notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00
2 through ZB02 of this Act.

3 (d) It is the intent of the General Assembly that the provisions of this
4 paragraph:

5 (i) Provide an administrative process authorizing the approval of
6 grants by the Board of Public Works, provided that the proposed use of funds is consistent
7 with the public purpose of the original appropriation; and

8 (ii) Be applicable to this Act and all prior Maryland Consolidated
9 Capital Bond Loans.

10 (10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the
11 principal amount of any loan authorized under this Act shall be reduced by the cash
12 proceeds, excluding any accrued interest, received for the State bonds and allocated by the
13 Comptroller to the loan.

14 (11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement
15 Article, the State Treasurer shall determine the amount of premium from the sale of bonds
16 in fiscal year 2026 to be transferred to the Annuity Bond Fund. Upon each issuance of State
17 bonds in fiscal year 2026, the Treasurer shall notify the Comptroller of the Treasurer’s
18 determination and the Comptroller shall credit the premium accordingly. Premium from
19 the sale of bonds in fiscal year 2026 that is not transferred to the Annuity Bond Fund may,
20 upon approval of the Board of Public Works, be expended by the Comptroller for any of the
21 public purposes set forth in Section 1(3) of this Act, including any applicable architects’ and
22 engineers’ fees.
