August 27, 2021	<p><b>Emergency Regulation DLS Control No. 21-110 State Board of Education: State School Administration: Educational Equity: COMAR 13A.01.06.01 through .04</b></p> <p>The regulations are necessary to mitigate the spread of COVID-19 in Maryland public schools, prevent public school closures, and limit the number of students required to quarantine out of the classroom during the 2021-2022 school year due to COVID-19. The adoption of standard regulations, which require a notice and comment period, could not be completed in the timeframe required to prevent public school closures and limit necessary quarantines during the 2021-2022 school year. The MSBCA procedural regulations address and thus apply only to bid protests (i.e., protests relating to the formation of procurement contracts)—they do not address protests relating to sports wagering license applications.
