To Whom It May Concern:

Re: SB 146

I am writing in support of allowing Legal Medical Cannabis businesses in the State the same ability as normal businesses to utilize deductions on our State taxes. This new industry is fighting for their basic rights as a business and for an industry that supports 1000's of jobs in the State.

Please do not hesitate to call if I can answer any questions.

Sincerely,

Marji Graf, President & CEO  
Rockville Chamber of Commerce
