**RE: Application for a BD7 License at Silver Queen Cafe**

February 14th, 2020

To Whom It May Concern:

The Hamilton Business supports the application for a BD7 License at Silver Queen Cafe. The restaurant is a wonderful part of our business district. Silver Queen Cafe is owned by a family local to Hamilton. They are invested in their business, and the community at large. They offer farm to table food, a children's play area, and they regularly host benefit dinners to raise money and awareness to non-profits including Moveable Feast.

Silver Queen Cafe attracts patrons locally, and from other neighborhoods, to explore Hamilton. We know a liquor license will help grow their patronage even more and help ensure that they will remain for years to come.

Sincerely,

Krista Cushman  
President of Hamilton Business Association
