The Maryland House of Delegates

ANNAPOLIS, MARYLAND 21401

Testimony in Support

of

HB 928 - Public Service Commission –
Electricity and Gas Suppliers - Training and Educational Program

HB 928 requires the Public Service Commission (PSC) to develop and maintain a training and educational program for any electric and gas supplier licensed in the State of Maryland. This program must cover regulations on sales of natural gas and electricity in Maryland, regulations on consumer protection, and any other matters the PSC considers appropriate.

Finally, this bill requires the PSC to conduct an examination at the end of training to certify that a designated representative of a licensed gas or licensed electric supplier has successfully completed training.

I request a favorable report on HB 928.
