

To whom it may concern:

Idiom Brewing Co. has been made aware of recent proposed legislation in HB1045. We believe that the proposed legislation provides additional promotion of local, Maryland, manufactured products and allows each of the Maryland alcohol manufacturers to promote themselves and each other in collaborative efforts. As such, Idiom Brewing Co. is in full support of this measure and would like that support to be made part of the bill's record.

If you have any questions or concerns, please contact Michael Clements, mike@idiombrewing.com, 202-445-7332.

Thank you for your time and consideration,

A handwritten signature in black ink, appearing to read "Michael Clements".
