

HB1196

Alan Goldstein
Geraldine's Inc. t/a Gold's Check Cashing
goldsc@comcast.net

Position: Favorable with amendments

Being a licensed check casher, I fully support the removal of the current exemption from licensing for some businesses. Anyone who offers check cashing should have oversight to protect the public from those who may operate unscrupulously.

I do not favor the portion of HB1196 that requires a 'shop around' brochure. It defies logic to think that a business that is licensed and operating legally should have to advise its customers, inside their place of business, to seek alternatives to its own services.
