

March 2020

Senator Paul Pinsky  
2W Miller Senate Office Building  
11 Bladen Street  
Annapolis, MD 21401

Dear Senator Pinsky,

Please vote in favor of SB 757, a bill that will create one voting system in the state of Maryland. This bill is necessary because blind and other disabled voters lost their right to a secret ballot.

Maryland has two voting systems, one which allows people to use a hand-marked paper ballot and the other an electronic ballot marking device. The ballots are different in size and form. Since the Board of Elections does not encourage voters to use the electronic ballot marking device, many times there are precincts where only one voter uses it. This vote can be recognized during recounts. This bill will require all ballots to be the same size and form so that the ballots cast by voters with disabilities will no longer be recognizable.

Please support SB 757 because all voters in Maryland, including the blind and disabled should have the right to a secret ballot.

Sincerely,

Signature Bonnie T. Jones

March 2020

Senator Paul Pinsky  
2W Miller Senate Office Building  
11 Bladen Street  
Annapolis, MD 21401

Dear Senator Pinsky,

The Preamble of SB 757 changes the policy of the state for voting. It reads "It is the policy of this State to ensure all voters are able to cast a secret ballot." If you believe that all voters deserve the right to vote privately and secretly, you should vote in favor of this bill.

Prior to the 2016 election, Maryland had one voting system for all citizens. In the 2016 and 2018 elections blind and disabled voters lost their right to a secret ballot because the government refused to purchase enough electronic ballot marking devices for all voters; thus, the majority of voters marked their ballot by hand. Blind and disabled voters were forced to use a separate, electronic voting system. Electronic ballots are visibly different and can be easily identified, especially in recounts.

Please restore the right of a secret ballot to blind and disabled voters by voting in favor of SB 757

Sincerely,
