Delegate Marvin E. Holmes, Jr., Chair  
Housing and Real Property Subcommittee  
Environment and Transportation Committee

Dear Chairmen Barve and Holmes:

On February 4, 2020, the Environment and Transportation Committee heard **HB 178: Real Property – Required Notices for Contracts of Sale – Zones of Dewatering Influence**. As you may recall, the realtors' amendments were related to their ability to access maps of the zones of dewatering influence on the Maryland Department of the Environment (MDE) website. Below you will find correspondence I received on February 21, 2020 from MDE addressing this concern:

*Good afternoon Delegate Krimm,*

*Per our conversation yesterday, MDE will be able to have maps regarding zones of dewatering influence online by the time the bill would be enacted, October 1st, 2020.*

*Please let me know if you have any further questions,*

**Tyler Abbott**

*Legislative and Intergovernmental Relations  
Maryland Department of the Environment*

Thank you and please let me know if you need further information.

Sincerely,
