Re: House Bill 1399

Chairman; Vice Chairman; and Committee Members,

The Cecil-Harford Waterman's Association is in support of House Bill 1399, to allow the removal of fish captured during the week on the weekend. This does not increase harvest effort in any way; therefore, we hope for a favorable outcome to this bill.

Thanking you in advance,

Timothy Mortus

President/Cecil-Harford Waterman's Association

2nd Vice President/Maryland Waterman's Association
