Dear House Committee on the Environment and Transportation:

I am writing to you in OPPOSITION TO:

HB 1129 - Turkey and Deer Hunting – Sundays on public and private land

As an avid outdoors person, and resident of Talbot County, who enjoys riding my horse, bird watching, and just taking a walk with my dogs, I am asking you to please give us back our safe Sundays. I realize that hunting and hunting licenses are crucial for conservation funding, but we are only asking for one day a week to be able to enjoy the woods safely. Allowing hunting on private property, and not public is tricky, because bullets know no boundaries. It is a proven fact that being in nature provides countless health benefits. Please allow those of us that do not hunt, but do pay our taxes, the right to enjoy these benefits in a safe way on Sundays.

Thank you for consideration,

Sincerely,

Anne Walker
