Dear Delegate Alfred Carr,

I am writing in support of the House Bill HB717 - Public Information Act - Required Denials - Distribution Lists.

I-495 Beltway cuts through our district in north College Park. The proposed widening of the beltways will affect many of our homes on both sides of the beltway. If passed, HB 717 will help keep these potentially affected homeowners informed about potential future widening activities in a transparent and proactive way. This bill will help close a loophole that currently exists under the existing law. Please support this bill.

Thank you for your consideration.
