

**TESTIMONY TO THE HOUSE RULES AND EXECUTIVE NOMINATIONS
COMMITTEE**

**HJ 10 United States Constitution - Amendments Convention - Democracy
Amendment**

POSITION: Oppose

BY: Lois Hybl and Richard Willson, Co-Presidents

DATE: March 2, 2020

While the League of Women Voters is thoroughly sympathetic with the desire to get rid of the flood of money in politics that the Citizens' United decision enables, we strongly oppose calling for an Article V Amendments Convention as this legislation proposes.

After two years of study and consensus about amending the constitution, in 2016 the following position was announced: "*The League of Women Voters is concerned that there are many unresolved questions about the powers and processes of an Article V Constitutional Convention.*"

The League believes that such a convention should be called only if the following conditions are in place:

- *The Constitutional Convention must be transparent and not conducted in secret. The public has a right to know what is being debated and voted on.*
- *Representation at the Constitutional Convention must be based on population rather than one state, one vote, and delegates should be elected rather than appointed. The delegates represent citizens, should be elected by them, and must be distributed by U.S. population.*
- *Voting at the Constitutional Convention must be by delegate, not by state. Delegates from one state can have varying views and should be able to express them by individual votes.*
- *The Constitutional Convention must be limited to a specific topic. It is important to guard against a "runaway convention" which considers multiple issues or topics that were not initiated by the states.*
- *Only state resolutions on a single topic count when determining if a Constitutional Convention should be called. Counting state requests by topic ensures that there is sufficient interest in a particular subject to call a Convention and enhances citizen interest and participation in the process.*
- *The validity of state calls for an Article V Constitutional Convention must be determined by the most recent action of the state. If a state has enacted a rescission of its call, that rescission must be respected by Congress.*

Congress has taken no action to make sure that the safeguards outlined above are in or will be in place.

The House of Representatives has passed HR1. Among its features are: improvements to Automatic Voter Registration, public financing of elections through small donor matching funds, and **overturning Citizens United**. We are hoping that the Senate might see its way to pass such fundamental reforms in the future. We believe this is a safer way to improve democracy.

Therefore, we strongly urge an unfavorable report on HJ 10.

The undersigned organizations strongly urge state legislatures to oppose efforts to pass a resolution to call for a constitutional convention. We also strongly urge state legislatures to rescind any application for an Article V constitutional convention in order to protect all Americans' constitutional rights and privileges from being put at risk and up for grabs.
