

DRIVER'S LICENSE RECALL

Failure to present documents for **federally mandated REAL ID** has resulted in the recall of your driver's license. The law enforcement personnel that has collected your product is required to send it back to the Maryland Department of Transportation Motor Vehicle Administration. While you will retain your driving privilege, the license is invalid and must be destroyed. To correct this action and obtain a new product, MDOT MVA requires you provide REAL ID documents to your nearest branch office as soon as possible. You do not need an appointment to obtain your new product, but making one guarantees you to be seen in 15 minutes. There is a \$20 duplicate license fee.

What is REAL ID?

REAL ID is federal legislation created in the wake of the September 11th terrorist attacks to establish security standards for all state driver's license and ID cards nationwide.
