

IN OPPOSITION TO SENATE BILL 664

Submitted by: Elizabeth "Liz" Matory

I have one simple question for you, Why Now?

Are you forcing this constitutional amendment because you have an agenda? Be honest.

What is your agenda? Again, why now?

I represent the **97,632*** Marylanders (Republicans, Independents, and Democrats) from across the state from Montgomery, Frederick, Carroll, Howard, Anne Arundel, Baltimore City, Baltimore County, and Harford who have been severed from their representative government because of hyper-partisan gerrymandering.

When I started campaigning in 2013/14, I had no idea that I would become an Evangelical Pro-Life Conservative, but the severe swerve to Socialism has an affect on rational intellectually and spiritually conscience citizens who do not agree with totalitarianism.

I do not know if you actually read or listen to the testimony of the kind of people I have tried to represent. We do not consist of the winning minority - just regular Americans.

The only thing that has changed on the state level is that virtually every moderate Democrat has left, most of them citing that there is no space for them in Annapolis.

Kasemeyer. Zirkin. Brochin. Arora. Why were they pushed out? Who pushed them out?

What does that say about the legislative body that remains? Will this be the beginning of our end.
