

## ***HB0283***

My name is Dianah. I haven't taken too much Kratom or take any kind of drugs if I don't need to. My daughter was in excruciating pain and she started taking kratom and it has helped her tremendously. It has totally changed her life. She is able to spend time with her kids with the help of kratom. What a difference it has made in her life and our family because if it wasn't for Kratom I don't know where she would be right now. There is no reason why responsible adults can't take kratom to help their pain
