

I just heard about possibly ban in state college that's no good . I live in Eastern PA right outside Philadelphia and Kratom has helped me in so many ways ... My testimony is as follows.. I have been taking Kratom for about 4 years I own a landscaping company and have been doing landscaping for about 35 years and the wear and tear on my back has been brutal I'm now 55 years old and if it wasn't for Kratom I wouldn't be able to work 5 to 6 days a week . Kratom has relieved my back pain to the point where I can work as many days as I want. If they ban Kratom in PA I have no idea what I'm going to do .. I will not be able to earn a living in Landscaping. I refuse to use prescription pain meds , all they do is put me in a fog , I can't have that . Landscaping is all I know, and with taking Kratom daily it allows me to do that . So Sean let me know what else I can do to help . Thanks
