Committee: Judiciary

Bill: HB 302, Deadly Weapons on School Property – Nonpublic Schools

Position: Support with Amendment #263-224-1

Reason for position:

Torah Institute of Baltimore supports HB 302 with Amendment #263-224-1. Torah Institute of Baltimore is a private school located in Baltimore, Maryland. Torah Institute of Baltimore has 721 Students.

Our top priority is the safety of our children attending our school. As a Jewish school operating during a time when we are experiencing a significant rise in antisemitism, ensuring the safety of our children becomes even more crucial.

Limiting the rights of private entities is always concerning; however, HB 302 with Amendment #263-224-1 provides our school with autonomy to protect our children properly.

The sponsor of HB 302 supports Amendment #263-224-1. Therefore, Torah Institute of Baltimore requests this committee provides HB 302 with a favorable report only with Amendment #263-224-1.

Thank you.

Jakob (Jake) Goldstein
