Remarks Md State Senate Judiciary Committee HATE CRIME *HB917

What's Happening Brother & Sisters of this Hearing, My name is JACQUES CHEVALIER (from around the way in P G County)* I have been the victim of TWO hate crimes one by a Negro dude (my birth certificate says Negro too) whom stabbed me 13 times while I was campaigning Sep 1988 in DC for the City Council race against a Johnny Wilson whom did me a favor and hung himself!! The coward who stabbed me died wheelchair bound after I whipped his gluteus maximus twice before he died.

Second time on New York Ave & Route 50 by a Hell's Angel Caucasian 'demon' whom broke a beer bottle on the side of my left eye; ran me off the road and called me Nigger repeatedly. Both incidents left physical and psychological scars permanently with me.

Hate Crimes are borne not just by them gun-toting Skinheads & Nazi's they come in all races and I implore this committee to PROMULGATE effective harsh penalties against these types of monsters who defy civilization.

Now a quick side bar plea to every single elected official in this here FREE STATE of MARYLAND and my low-taxing Governor, Larry Hogan we need to promulgate harsher penalties and MINIMUM prison sentences for elected officials stealing and robbing us good taxpayers. This cottage industry of corrupt-clowns and the bail-bondsman industry have enjoyed lavish lifestyles on the backs of hardworking folk and yes

more so in the black populated districts- their special blend of gerrymandering. Thank you and be loyal to the people this session.
