Judiciary Committee

**Re:** SUPPORT FOR BILL#HB1476

This is my written support and my request of legislative support of HB1476 as it is the right thing to do.. the humane thing to do. People who are incarcerated have a civil right to be provided with adequate healthcare and evidence shows that they do not which causes not only serious health issues but negative impact on society. If healthcare is required to be regulated in the community then it should be regulated for incarcerated individuals. Please vote YES to HB1476.

Respectfully,

Andrea J Spielman
