Re: SUPPORT FOR BILL#HB1476

I support this bill because during my time of incarceration have seen men be brutally stabbed or beaten in prison and because the medical staff ignores them bleeding the prisoners end up dying. Or if the prisoner is "lucky" enough to see medical personnel they will be bandaged up but not be taken to the hospital. It becomes a 50/50 chance if you will live to see another day. For the individual experiencing this, they are not given medicines for pain or infections. They are not given stitches or even taken to a hospital. It is just a chance of them living with the fate of God.

Respectfully submitted,

Dominic White
