**HB 436 - Task Force on Tax Policy, Reform, and Fairness – SUPPORT**

Dear Colleagues,

There are multiple proposals before our committee this session to create a task force to study tax policy on a more in-depth and substantial basis.

The primary goal of this legislation is to recognize the complexity of tax law, tax credits and the economic, fiscal and social policies that underpin them.

I hope and trust that the committee will advance some form of task force legislation this session, and provide a broad base of membership on any such entity so that both a variety of viewpoints can be considered and members of this committee – confronted yearly with complex and often interrelated tax legislation – can participate and gain additional perspective.

I would ask for a favorable report on HB 436
