Dear Del. Johnson,

The Maryland Association of Justice Women's Caucus enthusiastically supports and endorses House Bill 575, *Sexual Abuse and Assault Awareness and Prevention Program-Human and Sex Trafficking*.

The MAJ Women's caucus has 418 female trial attorney members residing throughout Maryland. Many of our members are mothers, grandmothers, or have family members educated in Maryland's public school system. Recognizing the risk of human and sex trafficking, the MAJ Women's Caucus overwhelmingly endorses this legislation as it will educate and empower children to protect themselves against this real risk.

Sincerely,

Ellen B. Flynn
President
