

RE: HB 743 Universal School Start Act of 2020 - House Ways & Means

Position: Support

February 19, 2020

Dear Chairman & Committee

The tourist industry brings in lots of money to state businesses, especially for the long Labor Day weekend. Many Students and teachers take summer jobs that don't end until the school year is supposed to start back up. Changing this date would result in the loss of a lot of money for businesses and the summer employees.
