

To: Chair Anne R. Kaiser and Vice-Chair Alonzo T. Washington, House Ways and Means Committee

From: The Partnership to End Childhood Hunger in Maryland

Re: Support for House Bill 1145, with Amendment

Date: February 28, 2020

The Partnership to End Childhood Hunger in Maryland is a coalition of non-profits, community groups, advocates, faith communities, and public agencies that was founded in 2008. The Partnership works to increase food security and leveraging nutrition programs is our key strategy. We focus on enhancing food access through school breakfast, school lunch, afterschool meals, and summer meals, as well as the Maryland Meals for Achievement (MMFA) program, Community Eligibility Provision (CEP), Women, Infants and Children's Program (WIC) and Supplemental Nutrition Assistance Program (SNAP).

The Partnership to End Childhood Hunger urges your support of House Bill 1145 – Maryland Meals for Achievement Fund Establishment to ensure students in high-poverty schools have access to a nutritious school breakfast in order to start the day ready to learn. Currently, the Maryland Meals for Achievement Program provides universal breakfast in the classroom in 522 Maryland Schools.¹ For more than twenty years, the MMFA program has successfully eliminated the barriers to participation in school breakfast including stigma, cost, and timing. Research has shown that students in MMFA schools demonstrate improved educational performance, improved health, and fewer behavioral issues.² In addition, schools that participate in MMFA have fewer suspensions, higher test scores, and improved student attendance.³ MMFA not only improves academic outcomes and reduces health disparities, but also has significant economic impacts. For every dollar, \$5.46 is returned in federal school meal reimbursements, making MMFA a smart investment. **Unfortunately, there are currently over 300 schools that are eligible for MMFA but unable to participate due to insufficient state funding.** (Please see table on page 3 for a list of these schools.) To fully fund the MMFA program, an additional \$4 million in state funding is needed.

In addition to MMFA, HB 1145 also supports the Maryland Cares for Kids program. This state-funded initiative eliminates school meal co-pays for low-income students that are eligible for reduced-price school meals. The Maryland Cares for Kids program relieves the cost burden of school meals for 54,638 Maryland children and their families. The Partnership strongly supports both programs, as they are best practices for increasing access to the healthy food students need to be ready to learn.

HB 1145 Amendment. Revenue estimates for HB 1145 are over \$25 million annually, which is more than the amount needed to fully fund both MMFA and Maryland Cares for Kids. Therefore, we support adding the Summer SNAP for Children program as a beneficiary in the MMFA Fund. During school breaks, low-income families that typically rely on free and reduced-priced school meals no longer have access to that critical support. Summer SNAP for Children provides an additional \$30 in SNAP benefits during each summer month and \$10 over the winter break for very

low-income children who receive SNAP benefits. This program is based on a national pilot that significantly reduced food insecurity and improved diet. However, only \$200,000 has been allocated in the 2020 state budget. As a result, the program is currently able to serve a fraction of the children in need. A fully funded Summer SNAP for Children program requires a total of \$18.5 M in state funding.

The Partnership to End Childhood Hunger **urges a favorable report** on House Bill 1145 and encourages inclusion of the Summer SNAP for Children program in the Maryland Meals for Achievement Fund.

Respectfully submitted by The Policy Committee of the Partnership to End Childhood Hunger in Maryland. Please contact Policy Committee Chair, Noora Kanfash, at nkanfash@strength.org if you have any questions.
