

Maryland Municipal League

The Association of Maryland's Cities and Towns

TESTIMONY

January 27, 2021

Committee: House Environment & Transportation

Bill: HB 295 – Water Pollution – Stormwater Management Regulations and Watershed Implementation Plans – Review and Update

Position: Support with Amendment

Reason for Position:

The Maryland Municipal League supports HB 295 with an amendment. One of MML's strategic initiatives this session is to address climate change. MML recognizes that this is an ongoing process and will not be a one-off solution. For this reason, the League supports the proposed 5-year review and update of stormwater management regulations. Given the impact regulatory changes will have on local watershed implementation plans, MML does request being amended onto the list of stakeholders to be consulted.

With that amendment, the Maryland Municipal League supports HB 295 and respectfully requests a favorable committee report.
