PROGRAM OVERVIEW

About the BRNI Program

- Grew out of the 2013 Regional Revitalization Workgroup
- Aims to increase economic competitiveness and livability of the Baltimore region
- Use State funds to leverage investment that would “put a project over the top”
- 2013 Session established 3-year pilot program, a few highlights:
 - FY14: \$3 Million to establish pilot program
 - Supported 4 organizations:
 - Central Baltimore Partnership
 - Southeast CDC
 - Healthy Neighborhoods
 - Dundalk Renaissance
- HB684 codified BRNI in 2016

*"The Baltimore Regional Neighborhood Initiative program aims to demonstrate how **strategic investment** in local housing and businesses can lead to **healthy, sustainable communities** with a growing tax base and enhanced quality of life. The program attempts to focus on areas where modes of investment and a coordinated strategy will have an **appreciable neighborhood revitalization impact.**"*

* Citywide

Equity in housing and community development must begin with our acknowledgement that the history of slavery and institutional racism is undeniably woven into the fabric of present conditions.

Equitable community development requires working purposefully to address these long-standing, race-based barriers that have devastated neighborhoods, concentrated poverty and created an affordable housing crises.

This means achieving economically stable, thriving, mixed-income communities while at the same time promoting racial equity, minimizing displacement, and maintaining the culture and character of our neighborhoods. To achieve these ends DHCD has committed to:

- Ensuring community voices are central to shaping neighborhood redevelopment;
- Minimizing the displacement that can occur with rising values;
- Supporting existing homeowners and residents to help them stay in their homes;
- Maximizing Baltimoreans' access to jobs and entrepreneurial opportunities created by reinvestment;
- Prioritizing affordable housing in neighborhood revitalization efforts from the outset, not as an after thought; and
- Building an implementation team that represents Baltimore.

THANK YOU!
