

Dear Maryland General Assembly Senate,

Hello, my name is Luke Zolenski and I am a second-year student at Wor-Wic Community College in Salisbury, Maryland. I am writing to you all today to show my support for SB0904. This bill will reduce the costs for textbooks and will greatly improve my wellbeing due to the money that I will be saving. Further, it will improve the wellbeing of *any and all* students. I come to you all today in good health and in good faith and ask with utmost sincerity and graciousness to please consider passing this bill. Thank you all for your generosity and kindness senators!

Sincerely,

Luke Zolenski
