RE: HB 1262 Maryland Electricians Act - Revisions
Letter of Support

Dear Chairman Davis and members of the Economic Matters Committee:

The County Executive and County Council of Cecil County unanimously support HB 1262 Maryland Electricians Act - Revisions, which is scheduled for a hearing on March 9, 2021

It is our understanding that this legislation will require a State license for classifications of master, journeyman, and apprentice electricians; but allow counties to continue issuing local registrations for those classifications.

This Bill will help to standardize the training of electricians and establish consistent proficiencies. The Bill also allows the counties to issue registrations to electricians, establish a local board and require permits, fees and inspections.

The County Executive and Cecil County Council of Cecil County respectfully request that the Economic Matters Committee to consider a favorable report on HB 1262.

Sincerely;
