RE: **SUPPORT FOR SB 571** – Interstate Licensed Professional Counselors Compact

Dear Chairperson Pinsky and Distinguished Members of the Senate Committee on Education, Health, and Environmental Affairs:

I want to thank you for taking my written statement of support for SB 571 on the “Counseling Compact” to be entered into the public hearing record. My name is Shannon Graham and I am a licensed professional psychotherapist who resides and practices in Baltimore, MD.

This Compact is important to me because having license portability is critical to providing mental health care across state lines to clients in need. License portability also allows myself and other professional therapists to continue work with existing and new clients, should I or my client(s) choose to move or travel to a different state. The Compact is an important step toward providing seamless and high-quality mental health care for all, regardless of geographic confines.

Much like existing licensure compacts for nurses, physical therapists, physicians, psychologists and EMS personnel, the Counseling Compact will increase licensure portability for practitioners while allowing state regulatory boards to better protect consumers through enhanced sharing of licensure information.

The Counseling Compact will benefit those in need of critical lifesaving mental health support and counselors by:

- Enhancing mobility for counselors who meet uniform licensure requirements;
- Increasing access to care for clients;
- Ensuring continuity of care when clients or counselors relocate or travel to other states;
- Allowing military personnel and spouses to easily maintain certifications when relocating;
- Preserving and strengthening the current system of state licensure.

The Counseling Compact preserves each state’s authority to regulate the profession. It does not alter scope of practice or impact state practice law. Counselors utilizing the Compact must abide by the laws and rules of the state in which they are practicing, including adhering to that state’s scope of practice.

I strongly urge you to support this Counseling Compact.

Sincerely,

Shannon Graham
