RE: SB 571 – Support

Dear Chair Pinsky and Members of the Committee:

Kaiser Permanente is pleased to support SB 571 – “Interstate Licensed Professional Counselors Compact.”

Kaiser Permanente is the largest private integrated health care delivery system in the United States, delivering health care to over 12 million members in eight states and the District of Columbia.¹ Kaiser Permanente of the Mid-Atlantic States, which operates in Maryland, provides and coordinates complete health care services for approximately 775,000 members. In Maryland, we deliver care to over 450,000 members.

Kaiser Permanente supports this legislation as our organization employs professional counselors in Washington, D.C., Maryland and Virginia. While all of our providers are licensed in all three jurisdictions, this bill will make it easier for these professionals to provide care in a variety of locations where and when they are needed. Given the effects of the pandemic and the constant variance of staff available to care for our patients, this allows seamless transition across state lines to practice in areas that are highly concentrated with the need of this facet of care.

Social distancing and isolation have negatively affected our population’s mental health and created new barriers for those already in need of behavioral health resources. As the pandemic wears on, ongoing legislative measures are necessary in mitigating exacerbation of poor mental health and other medical outcomes. SB 571 provides greater accessibility of psychiatric assistance for both individuals and families who are in great need in our service area.
