

Testimony for Maryland HB0418

Dear all involved,

I have just learned that there will be a discussion about the banning of swastikas and confederate flags from all BCPS at the board meeting tomorrow.

As a concerned parent of 2 sons attending Hereford High School, I am shocked to learn that swastikas and confederate flags are not already prohibited in our schools. These symbols of hate and prejudice have no place in the educational setting, unless it is to teach about the atrocities they represent.

I sincerely hope that this issue not only fails to require a lengthy discussion, but also can be very quickly resolved.

I appreciate your concentrated efforts to make this much overdue change to our system.

Sincerely,
Margaret E Corcoran
