RE: Hold HB67 in Committee

Dear Chair Barve,

LiUNA Local 710 represents more than 700 members who reside in Maryland. We care about good-paying jobs with benefits.

With that in mind, Local 710 respectfully asks that you hold HB67 in committee. This bill will have a negative impact 270/American Legion Bridge/495 project, essentially killing it. This project is very important to LiUNA because there will be a project labor agreement with Transurban on it. Consequently, this project is a game-changer for us as will create thousands of good-paying union jobs with health insurance and a pension.

Please hold HB67 so that the 270/American Legion Bridge/495 project can move forward.

Sincerely,

Miguel Diaz

Business Manager
