

HB1198 Public Health - Abortion - Drug-Induced Abortions

Stance: Oppose

Testimony: My name is Adiena C. Britt and I reside in the 45<sup>th</sup> Legislative District of Baltimore City. I am writing to offer my Opposition to HB1198. Again I will state as I have before, Legislation and Legislators (especially men) should not be allowed to dictate such measures as this regarding a women's right to choose. Requiring a doctor's prescription just prolongs the inevitable, and these should be obtainable through the pharmacy. A woman should be counseled on what to expect and understand how to properly utilize this option, but it should remain an option with NO criminality placed upon it. Stop trying to criminalize a woman's right to choose.

Thank you.
