The Honorable Shane E. Pendergrass
Chair, Health and Government Operations Committee
Room 241 House Office Building
Annapolis, MD 21401-1991

RE: HB 1040 – Health Occupations – Pharmacists – Administration of Vaccinations – Letter of Support

Dear Chair Pendergrass and Committee Members:

The Maryland Board of Nursing (“the Board”) respectfully submits this letter of support for House Bill (HB) 1040 – Health Occupations – Pharmacists – Administration of Vaccinations. This bill authorizes a pharmacist to administer certain vaccinations to individuals in a certain age group. Additionally, this bill repeals the requirement that individuals in a certain age group have a certain prescription in order for a pharmacist to be allowed to administer a certain vaccination to the individual.

The Board believes that by further allowing pharmacists to administer vaccines, access to care is increased in the State in a reasonable manner. Individuals who may visit a physician for their vaccine, may experience prolonged waiting periods in a crowded lobby. As a result, this may deter individuals from keeping up to date with their vaccine schedules. Pharmacists, under COMAR 10.34.32, are already professionally trained to administer vaccines in a clean and safe environment. They have been an incredible asset for the administration of the influenza vaccination, amongst others. Allowing pharmacists the continued ability to administer vaccines to adults and children (within a certain age range) will be essential in fortifying community herd immunity against preventable infectious and chronic diseases.

For the reasons discussed above, the Board of Nursing respectfully submits this letter of support for HB 1040.

I hope this information is useful. For more information, please contact Iman Farid, Health Policy Analyst, at (410) 585 – 1536 (iman.farid@maryland.gov) or Rhonda Scott, Deputy Director, at (410) 585 – 1953 (rhonda.scott2@maryland.gov).
